

# AGENDA

## REGULAR MEETING ORANGE COUNTY COMMUNITY CORRECTIONS PARTNERSHIP

Thursday, October 27, 2022, 2:00 P.M.

PROBATION DEPARTMENT  
Training Room 5  
1001 S. Grand Ave.  
Santa Ana, California

**Non-Voting Members and Members of the public may attend and participate Remotely following the instructions below.\*\***

**DANIEL HERNANDEZ, Chair**  
Chief Probation Officer

**DON BARNES**  
Sheriff-Coroner

**TOM DARÉ**  
Chief of Police, Garden Grove

**VERONICA KELLEY**  
Health Care Agency

**MARTIN SCHWARZ**  
Public Defender

**TODD SPITZER**  
District Attorney

*The Orange County Community Corrections Partnership welcomes you to this meeting. This agenda contains a brief general description of each item to be considered. The Partnership encourages your participation. If you wish to speak on an item contained in the agenda, please press \*9 following the Chair's invitation from the public to speak. Once acknowledged and prompted by the Chair or Clerk, you may begin to speak. Except as otherwise provided by law, no action shall be taken on any item not appearing in the agenda. When addressing the Partnership, please state your name for the record prior to providing your comments.*

### **\*\* INSTRUCTIONS FOR PUBLIC AND NON-VOTING MEMBERS ATTENDING THE MEETING REMOTELY\*\***

Members of the public and non-voting members may observe and participate in the meeting telephonically or via the internet. To attend the meeting remotely please call:

- iPhone one-tap: US: +16699009128, 833 4772 8979# Passcode 448703# or + 16694449171, 833 4772 8979# Passcode 448703# or
- Telephone: Dial (for higher quality, dial a number based on your current location): US: +1 669 900 9128 or +1 253 215 8782 or +1 346 248 7799 or +1 301 715 8592 or +1 312 626 6799 or +1 646 931 3860  
Enter Webinar ID: 833 4772 8979# Passcode 448703# (once you enter this code, you should be automatically connected to the call; you will remain on the line until meeting begins) or
- Internet: Use the following link:  
<https://us02web.zoom.us/j/83347728979?pwd=azNvTTduTEdVZHpmM3FhN2JidGpnZz09>

**\*\*In compliance with the Americans with Disabilities Act, those requiring accommodation for this meeting should notify the Clerk of the Board's Office 72 hours prior to the meeting at (714) 834-2206\*\***

# AGENDA

*All supporting documentation is available for public review in the office of the Clerk of the Board of Supervisors located in the Hall of Administration Building, 333 W. Santa Ana Blvd., 10 Civic Center Plaza, Room 465, Santa Ana, California 92701 during regular business hours, 8:00 a.m. - 5:00 p.m., Monday through Friday.*

## ADMINISTRATIVE MATTERS: (Items 1 - 3)

*At this time, members of the public may ask the Partnership to be heard on the following items as those items are called.*

1. Welcome and Introductions
2. Discussion and approval of updated 2022 CCP Plan
3. Receive and file of the 2011 Public Safety Realignment Annual Certification for FY 21-22 from the Local Law Enforcement
4. Discussion and approval of project to be funded with FY 2022-23 Public Safety Realignment: H.I.R.E. Reentry Resource Fair (Community-based Organization - \$10,000 and ongoing)
5. Receive and file 2022 Strategic Financial Plan projections
6. Receive and file Quarterly Reports for April – June 2022 and July – September 2022
7. Realignment Updates:
  - CCP Coordinator: update on FY 2021-22 AB 109 balances
  - Probation
  - Sheriff
  - District Attorney
  - Public Defender
  - Courts
  - Health Care/Mental Health
  - Local Law Enforcement
  - Board of Supervisors
  - Social Services
  - OC Community Resources
  - OC Department of Education
  - Community-Based Organization (Representative)
  - Waymakers (Victims Representative)

## PUBLIC COMMENTS:

## PARTNERSHIP COMMENTS:

## ADJOURNMENT

## NEXT MEETING:

February 23, 2023      Regular Meeting, 2:00 P.M.

# **PUBLIC SAFETY REALIGNMENT IN ORANGE COUNTY**

## **FY 2021-22 ANNUAL REPORT AND FY 2022-23 ANNUAL PLAN**

*Prepared by:*

**Orange County Community Corrections Partnership**

**OChealth**  
CARE AGENCY

**OCCommunity Resources**

**OCSSA**

**Orange County  
Community Corrections Partnership  
Executive Committee**

**Daniel Hernandez**, Chief Probation Officer (Chair)

**Don Barnes**, Sheriff-Coroner

**Todd Spitzer**, District Attorney

**Martin Schwarz**, Public Defender

**Veronica Kelley**, Health Care Agency

**Tom DaRe**, Chief, Garden Grove Police Department

The seal of Orange County, California, is a large, faint watermark in the background. It is circular with the words "COUNTY OF ORANGE" around the top and "CALIFORNIA" around the bottom. In the center is a landscape with a mountain, a river, and a sun.

## **VISION STATEMENT**

**“Enhancing the quality of life of Orange County residents by promoting public safety, reducing recidivism and creating safer communities.”**

## **MISSION STATEMENT**

**The Mission of the Orange County Community Corrections Partnership is to enhance public safety by holding offenders accountable and reducing recidivism by utilizing fiscally responsible, quantifiable, evidence-based and promising practices that support victims and community restoration.**

# Table of Contents

**Local Law Enforcement Agencies ..... 25**

**Mental Health and Recovery Services ..... 26**

**Orange County Courts ..... 35**

**County & Community Partner Organizations ..... 35**

## EXECUTIVE SUMMARY

The County of Orange (County) presents the Fiscal Year (FY) 2021-22 Public Safety Realignment Report, which serves as an update to the Community Corrections Partnership (CCP) Plan. The purpose of this report is to highlight the programs and collaborative investments made across County departments, courts, and local law enforcement entities implemented to address the additional responsibilities under Realignment and review the statistical data and trends further impacting public safety.

The statistical information included in this report was obtained from the County's Sheriff-Coroner's Department, District Attorney's Office, Public Defender's Office, Probation Department, Health Care Agency, as well as the Courts and local law enforcement entities.

A major component of the data collection and analysis centers on recidivism. Recidivism data is a central metric to measuring the impacts of Realignment, effectiveness in programming, and efficiency in funding utilization. The County has collected recidivism data per the Board of State and Community Corrections (BSCC) definition as follows:

*Recidivism is defined as a conviction of a new crime committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.*

In February 2019, the Orange County Board of Supervisors (Board) revised their adopted definition for recidivism to include sustained parole or probation violations or a lawful arrest based on a new criminal offense and expanded the time frame to include three years after the end of the individual's supervision.

Currently, the County has the infrastructure to report recidivism data based on the BSCC definition of recidivism. The County stakeholders continue to refine the Board-adopted definition and work to put systems and processes in place that will allow for the collection of data based on the Board-adopted definition and facilitate metrics to meet both definitions of recidivism.

The information and data in this report covers the fiscal year period of July 1, 2021, to June 30, 2022. During this fiscal period, the County received a Base allocation of \$101.9M in 2011 Public Safety Realignment funds from the State of California. Funds were distributed to the Sheriff-Coroner's Department, Probation Department, Health Care Agency, District Attorney's Office, Public Defender's Office, and Local Law Enforcement entities based on the amount available and the impact to operational costs from the increased responsibilities resulting from the Public Safety Realignment. Collectively, the County continues to work collaboratively across departments and partner agencies to address public safety concerns to create or expand programming to meet the needs of the supervised and incarcerated populations.

## **2011 Public Safety Realignment Summary**

In 2011, Assembly Bill (AB) 109 was enacted to address the overcrowding in California's 33 prisons and alleviate the State's financial crisis. The law, effective October 1, 2011, also known as the 2011 Public Safety Realignment (Realignment), mandates that individuals sentenced to non-serious, non-violent or non-sex offenses serve their sentences in county jails instead of state prison. Realignment made some of the largest and most pivotal changes to the criminal justice system in California. In short, Realignment transferred the responsibility for supervision of felons (excluding high-risk sex offenders) released from prison whose commitment offenses are statutorily defined as non-serious and non-violent to the 58 counties. Offenders convicted after October 1, 2011, who have no current or prior statutorily defined serious, violent or sex-offense convictions serve time locally (regardless of length of sentence) with the possibility of community supervision in place of time spent in custody.

Realignment established the Postrelease Community Supervision (PCS) classification of supervision; altered the parole revocation process placing more responsibility in local jurisdictions; gave local law enforcement the freedom to manage offenders in a more cost-effective manner; and, as of July 1, 2013, parole violations are housed, prosecuted, and tried locally. Realignment created an unprecedented opportunity for all 58 California counties to determine an appropriate level of supervision and services to address both the needs and risks of individuals released from prison and local jails into the community.

The following summarizes the key components of the 2011 Public Safety Realignment Legislation:

- **Redefined Felony Sentencing**

Individuals convicted of certain felonies on or after October 1, 2011, may be sentenced to the county jail for more than 12 months. Individuals sentenced under Penal Code (PC) 1170(h) can receive a sentence that falls within a low, middle or upper term of incarceration based on their specific offense. Some felony offenses (i.e., serious, violent and sex offenses) are excluded from sentencing under PC 1170(h) and will be sentenced to state prison time. Pursuant to PC 1170(h), an individual convicted of a non-serious, non-violent or non-sex offense may be sentenced to serve that entire time in county jail or may be sentenced to serve that time split between county jail and Mandatory Supervision (MS). Offenders sentenced to MS are supervised by Probation.

- **Postrelease Community Supervision**

Those released from state prison on or after October 1, 2011, who had been incarcerated for a non-serious offense (pursuant to PC 1192.7(c)), a non-violent offense (pursuant to PC 667.5(c)) or a sex offense deemed not high-risk (as defined by California Department of Corrections and Rehabilitation) are released to a local jurisdiction based on their county of residence at time of conviction for supervision

under PCS. These individuals may have prior violent or serious offenses or be registered sex offenders. PCS supervision cannot exceed three years.

- **Custody Credits**

PC 4019 was amended to allow for those sentenced to county jail to receive pre- and post-sentence conduct credit of two days for every four days actually spent in custody, resulting in sentences being served more quickly. This is the same conduct credit offenders receive when serving time in state prison.

- **Alternative Custody Program**

Senate Bill (SB) 1266 allows for non-serious, non-violent and non-sex offenders to serve part of their sentence in a non-custodial facility, such as a residential home, non-profit drug-treatment program or transitional-care facility recognizing that alternative custody is an integral part in reintegrating these individuals back into their community.

- **2016 Legislation**

SB 266 - Probation and Mandatory Supervision: Flash Incarceration. This Bill amended several Penal Codes, including Section 1203; amended and added to Section 4019; and added Section 1203.35. SB 266 allows a court to authorize the use of flash incarceration, as defined, to detain the offender in county jail for no more than 10 days for a violation of his or her conditions of probation or mandatory supervision, as specified. These provisions would not apply to persons convicted of certain drug possession offenses. Prior to January 1, 2021, the bill will allow a person to receive credits earned for a period of flash incarceration pursuant to these provisions if his or her probation or mandatory supervision is revoked.

- **Implementation Plans**

The 2011 Public Safety Realignment legislation required each county to submit a comprehensive implementation plan to the BSCC along with any revisions, thereafter. In addition, the responsibility for the development and implementation of such plan was charged to each county's established Community Corrections Partnership.

### **Community Corrections Partnership**

The Orange County Community Corrections Partnership (OCCCP) was established with the enactment of the California Community Corrections Performance Incentives Act of 2009 (SB 678) and serves as a collaborative group charged with advising on the implementation of SB 678 funded initiatives and Realignment programs.

Chaired by the Chief Probation Officer, the OCCCP oversees the 2011 Public Safety Realignment process and advises the Board in determining funding and programming for the various components of the plan. The OCCCP includes an Executive Committee which, pursuant to bylaws adopted by the OCCCP, consists of the following voting members: the

Chief Probation Officer, the County Sheriff, the District Attorney, a Chief of Police, the Public Defender, and the Director of County Social Services or Mental Health or Alcohol and Drug Services (as determined by the Board). The original 2011 Public Safety Realignment Plan and subsequent updates are developed by the OCCCP members, their designees, and other key partners.

For FY 2021-22, the OCCCP consisted of the following voting members:

**Bryan Prieto**, Interim Chief Probation Officer (Chair)

**Don Barnes**, Sheriff-Coroner

**Todd Spitzer**, District Attorney

**Martin Schwarz**, Public Defender

**Veronica Kelley**, Health Care Agency

**Tom DaRè**, Chief of Police, Garden Grove

The 2011 Public Safety Realignment legislation tasked the OCCCP to develop and recommend an implementation plan for consideration and adoption by the Board. The plan outlined multifaceted strategies to meet Realignment implementation and developed system goals to guide implementation and ongoing efforts in Orange County and was adopted by the Board on October 18, 2011. This report is intended to serve as an update to the implementation plan.

Implementation Plans of all 58 California counties are available through the BSCC at the following website:

[http://www.bscc.ca.gov/s\\_communitycorrectionspartnershipplans/](http://www.bscc.ca.gov/s_communitycorrectionspartnershipplans/)

Since implementation, the goals and objectives established by the OCCCP have remained consistent and aligned with the vision and mission of the OCCCP by maintaining a:

- Streamlined and efficient system to manage additional responsibilities under Realignment.
- System that protects public safety and utilizes best practices in recidivism reduction.
- System that effectively utilizes alternatives to pre-trial and post-conviction incarceration where appropriate.

### **2011 Public Safety Realignment Funding**

The 2011 Public Safety Realignment provides a dedicated and permanent revenue stream through a portion of Vehicle License Fees (\$12) and State sales tax (1.0625%). This is outlined in trailer bills AB 118 and SB 89. Funding became constitutionally guaranteed by California voters with the passage of Proposition 30 in 2012.

The funding formula adopted by the State has changed dramatically from the initial

implementation. The Realignment Allocation Committee formed by the California State Association of Counties, established the allocation methodology framework for Base Allocation and Growth Funding with both formulas containing factors weighted as follows:

#### Base Allocation

- Caseload (45%) recognizes the quantifiable impacts 2011 Realignment has had on public safety services. Factors consist of PC 1170(h) jail inmates, the MS and PCS population, and felony probation caseloads.
- Crime and Population (45%) recognizes the general county costs and the costs of diversion programs not otherwise captured in caseload data. Factors include the adult population and the number of serious crimes.
- Special Factors (10%) recognizes the socioeconomic and other unique factors that affect a county's ability to implement Realignment. Factors consist of poverty and the impact of state prisons on the counties.

#### Growth Funding

Distributed based on the following performance factors:

- SB 678 Success Rates (80%): Based on data indicating the success and improvement in probation outcomes. Factors include the number of non-failed probationers (60%) and year-over-year improvement in the success rate (20%).
- Incarceration rates (20%): Focus is on reducing prison incarcerations. Factors include the year-over-year reduction in the number of felons admitted to state prison (10%), success measured by the per capita rate of prison admissions (10%), and a year-over-year reduction in the number of felons admitted to prison as a 2<sup>nd</sup> strikers (fixed dollar amount).

In compliance with Government Code (GC) 30029.07 and beginning with the growth funding attributed to FY 2015-16, 10% of the Growth Funds received is used to fund a Local Innovation Account for the County. Additional funding of this account is received from similar growth funding from other realigned public safety programs with the primary funding being AB 109. Funds in this account must be used for activities otherwise allowable per the realigned public safety programs included in the funding with expenditures determined and approved by the Board.

For FY 2021-22, the County received a Base Allocation of \$101.9M. Growth Funding of \$11.5M was received for the fiscal year. Funds were allocated, as approved by the OCCCCP and Board, to five County agencies (i.e., Sheriff-Coroner's Department, Probation Department, Health Care Agency, District Attorney's Office, and Public Defender's Office) and 21 Local Law Enforcement entities. Each of the agencies that received an allocation utilized Realignment monies for costs associated with local incarceration, PCS oversight, and other Realignment programmatic services, such as, but not limited to:

- Short-term housing/shelter beds
- Sober Living
- Day Reporting Center
- Restorative Justice Services
- Bus Passes
- GPS Electronic Monitoring
- Adult Non-medical Detoxification Services Outpatient and Residential Services

Additionally, pursuant to GC 30027.8(e)(3) with respect to costs associated with revocation proceedings involving persons subject to state parole and the Postrelease Community Supervision Act of 2011, the District Attorney's and Public Defender's Offices received a total of \$3.7M Base Allocation and \$890K Growth Funding.

In addition, the OCCCP was eligible and received a one-time grant of \$200,000 through the Corrections and Planning Grant Program. The OCCCP and Board have authorized the use of this money to fund research and training related to Realignment.

#### FY 2021-22 Allocations

Department	Prior Year's Unspent Allocation	FY 21-22 Base Allocation Received (2)	FY 20-21 Growth Funds Received (1)	Total Allocated for FY 21-22
<b>Community Corrections (AB 109)</b>				
Sheriff-Coroner	-	56,004,309		56,004,309
Probation	-	19,182,453		19,182,453
Health Care Agency	-	21,493,463		21,493,463
District Attorney	-	1,449,284		1,449,284
Public Defender	-	1,770,116		1,770,116
Local Law Enforcement (LLE)	-	2,038,768		2,038,768
CCP Approved - Reentry Services	4,476,505		11,471,505	15,948,010
<b>Total Community Corrections (AB 109)</b>	<b>4,476,505</b>	<b>101,938,393</b>	<b>11,471,505</b>	<b>117,886,403</b>
Community Corrections Incentive Funds and CCP Approved Projects	1,820,066	200,000	-	2,020,066
<b>Subtotal</b>	<b>6,296,571</b>	<b>102,138,393</b>	<b>11,471,505</b>	<b>119,906,469</b>
<b>District Attorney &amp; Public Defender Subaccount</b>				
District Attorney	456,351	1,854,254	445,046	2,755,651
Public Defender	2,771,842	1,854,254	445,046	5,071,142
<b>Total District Attorney &amp; Public Defender</b>	<b>3,228,193</b>	<b>3,708,508</b>	<b>890,092</b>	<b>7,826,793</b>
<b>Total Allocations/Expenditures</b>	<b>9,524,764</b>	<b>105,846,901</b>	<b>12,361,597</b>	<b>127,733,262</b>
(1) Amounts for Growth Funds are net of the 10% transfer into the Local Innovation Subaccount per Government Code section 30029.07.				
(2) FY 21-22 base allocation received of \$101,938,393 included \$86,912 of FY 19-20 backfill revenue received from the State.				

## GOALS AND OBJECTIVES

### **FY 2021-22 Realignment Accomplishments**

The following goals were identified for the County in FY 2021-22 and are shown along with notable achievements:

**Goal #1: Increase access to housing opportunities and support for justice-involved individuals who report a behavioral health issue. (Health Care Agency)**

**Status: Fully achieved**

During FY 2021-22, the Homeless Bridge Housing program served 49 individuals. All 49 individuals were enrolled in HMIS. A total of 31 individuals discharged from the program during the fiscal year with 14 exiting to permanent housing.

**Goal #2: Increase linkage to appropriate behavioral health services upon release from incarceration. (Health Care Agency)**

**Status: Fully achieved**

Two behavioral health staff members were identified and have been providing in-reach, transportation and facilitating linkage to County behavioral health services. In-reach for referrals to Open Access North was launched on December 13, 2021. Since that time through June 30, 2022, in-reach was completed for 92 individuals. Of this total, 41 individuals were successfully linked for ongoing behavioral health services upon release.

**Goal #3: Improve public safety outcomes and utilize best practices in reducing recidivism. (Probation)**

**Status: Fully achieved**

Effective December 15, 2021, the Probation Department expanded random drug testing (RDT) to not just five additional adult supervision units but to all adult supervision units. Prior to this date, only the Adult Collaborative Courts Units and the adult units that participated in the RDT Pilot Study, a total of (9) nine adult units, were authorized to utilize RDT. The expansion allows eleven (11) additional adult supervision units to utilize RDT, a key evidence-based practice that is widely recognized to discourage drug use among adults on probation supervision.

#### **Goal #4: Improve public safety and reduce recidivism. (District Attorney)**

##### **Status: Fully achieved**

District Attorney/AB 109 Task Force: During FY 2021-22, the Orange County AB 109 Task Force made 282 arrests. 87 of the arrests were subjects participating in the PCS program, 44 on formal/informal probation, 13 on Parole and 138 not on any supervision. In addition, the AB 109 Task Force was responsible for seizing over 46 pounds of narcotics (heroin, methamphetamine, fentanyl and other various narcotics).

The AB 109 Task Force continues to be the central distribution point for all Countywide BOLO/wanted law enforcement flyers. The distribution system also known as TRACKRS BOLOS was recently revised to allow easier access and quicker review of Countywide BOLO/wanted law enforcement flyers. AB 109 Task Force members meet with various Orange County law enforcement officials where crime data and intelligence are shared and assist with cases. The increase in the exchange of information will continue to assist in the apprehension of suspects responsible for murder, attempted murder, armed robbery, assault with a deadly weapon, possession of stolen vehicles and various narcotics violations.

#### **Goal #5: Work with Probation and law enforcement partners to identify and prosecute AB 109 participants responsible for major crime trends. (District Attorney)**

##### **Status: Fully achieved**

Utilizing the AB 109 Task Force and Probation to assist local, state and federal law enforcement engaged in investigating local criminal activity which may include crime trends such as takeover robberies/serial robbery cases and home invasion cases. This may also include compliance checks and the search for wanted subjects that are AB 109 participants.

#### **FY 2022-23 Realignment Goals**

The OCCCP identified the following goals for the County for FY 2022-23. For each goal, the OCCCP will strive to guide every partner in public safety to work together for a safe Orange County through a reduction in recidivism achieved through rehabilitation and other alternatives to incarceration. Following each goal is a description of how each goal may be attained in the next year.

**Goal #1: Increase linkage to appropriate County behavioral health services upon release from incarceration. (Health Care Agency)**

**Objectives:**

- a. Increase the number of individuals receiving in-reach services prior to release.
- b. Increase the number of individuals to enroll in County behavioral health services upon release.

**Goal #2: Increase the utilization of random drug testing (RDT) for adult supervision units newly authorized to use RDT in the Probation Department. (Probation)**

**Objectives:**

- a. Increase utilization of RDT in the adult supervision units newly authorized for RDT.

**Goal #3: Improve public safety, reduce recidivism by working together with local, county, state, and federal law enforcement partners. (District Attorney)**

**Objectives:**

- a. Hold AB 109 participants accountable when they violate the terms of their supervision or when they commit new crimes.
- b. Utilize federal partners (ATF) to prosecute gun cases when appropriate, such as “ghost guns” cases or other crimes such as robberies.

**Goal #4: Work with Probation and law enforcement partners to identify and prosecute AB 109 participants responsible for crime and major crime trends. (District Attorney)**

**Objectives:**

- a. Increase communication with law enforcement partners.
- b. Utilize data, technology, investigative techniques to identify and apprehend AB 109 participants committing crimes and/or in violation of their conditions.
- c. Utilize the AB 109 Task Force and Probation to assist local, state, and federal law enforcement engaged in investigating local criminal activity, which may include crime trends such as takeover robberies/serial robbery cases and home invasion cases. This may also include compliance checks and the search for wanted subjects that are AB 109 participants.

The goals and objectives identified above require collaboration and coordination across departments and, in some cases, outside entities. The programs and efforts made by the departments and partner agencies to address the needs of the AB 109 population are highlighted in the following sections.

## **PROBATION DEPARTMENT**

The Orange County Probation Department (Probation) provides supervision services for approximately 10,736 adult and juvenile offenders on court-ordered supervision or in diversion programs. Deputy Probation Officers (DPOs) serve an investigative role for the court by producing sentencing reports and recommendations and by working in specialized units alongside local law enforcement entities, the Sheriff-Coroner's Department, and the District Attorney's Office to reduce gang-related crime and to supervise convicted narcotics dealers.

With the 2011 Public Safety Realignment, Probation was tasked with the supervision of the Postrelease Community Supervision (PCS) population and individuals under Mandatory Supervision (MS) who would have been sentenced to state prison but completed their sentence through a combination of local incarceration and a period of community supervision. As with formal probation, each DPO works with these populations to ensure compliance with the court's terms of their probation and assists with their reintegration into society by identifying constructive social outlets, like jobs, school, and community activities to help rehabilitate offenders so that future anti-social behavior does not occur.

As of June 30, 2022, there were 1,011 actively supervised PCS individuals, which was a decrease of 1 individual (0.1%) from the 1,012 reported for June 2021. There were 771 PCS individuals with a warrant status as of June 30, 2022, which was a decrease of 9% from the 847 reported for the prior year. An estimated 42% of the PCS population reports residency in just two cities, Anaheim (21%) and Santa Ana (21%). PCS individuals are predominantly male (92%), while 8% are female.

For the same reporting period, the number of MS individuals on active supervision totaled 319, which was a decrease of 52 individuals (-14%) from the prior year. Those with MS active warrants totaled 473, which was an increase of 18 individuals (4%) from the prior year. Similar to the PCS population, approximately 35% reside in the same two cities, Anaheim (16%) and Santa Ana (19%).

### **Needs and Services Assessments**

The responsibility of the PCS and MS populations are primarily those of Probation's AB 109 Field Services Division and the dedicated Reentry Team. This Division utilizes evidence-based practices and collaborates with other County and community partners to best address the needs of their clients. An objective risk/needs assessment tool is utilized to determine the appropriate level of supervision that is necessary and to identify the type of evidence-based treatments and services that are needed to be successful on supervision, thereby reducing the risk of reoffending and increasing pro-social functioning and self-sufficiency.

The risk/needs assessment tool assigns weighted scores to each factor on the instrument in order to obtain an overall risk classification. Risk classification is assigned as high, medium, or low. As of June 30, 2022, the majority of individuals were classified as high risk (PCS 94%; MS 79%). There are ten risk factors on the assessment tool. Five of these factors carry the highest correlation of risk with subsequent new law violations. They include prior probation violations, substance use, age at first conviction, number of prior periods of probation supervision, and the number of prior felony convictions.

In practice, the DPO completes a risk/needs assessment on every client on their caseload and develops a comprehensive case management plan addressing criminogenic factors as well as treatment services and basic needs/support services. Approximately every six months, the DPO conducts a reassessment and updates the supervisory case management plan based on any changes in the risk level and/or in the identified needs for services.

In addition, the Reentry Team also assesses the individual's basic needs at the time of reentry into the community and provides clothing, hygiene kits, food vouchers, and bus passes as applicable and appropriate.

### **Graduated Interventions and Sanctions**

The Postrelease Community Supervision Act of 2011 supports the use of evidence-based sanctions and programming, which includes a range of custodial and noncustodial responses to criminal or noncompliant activity to improve community safety. The use of graduated interventions and sanctions for both technical violations of supervision and subsequent new law violations ensure the sanctions are proportionate to the seriousness of the violation and hold the individual accountable; assert sufficient control and properly manage the risk that the individual presents to the community; and facilitate the individual's continued progress in changing behavior to achieve ongoing compliance, successful completion of supervision, and future law-abiding behavior.

DPOs have broad discretion and determine when to properly implement graduated interventions and sanctions and when to effectively utilize secure detention after prior interventions or sanctions have failed and/or when the safety of the individual, others, or the community are at risk. They consider a wide range of supervision options with the understanding that detention for technical violations does not always result in improved outcomes or reduced recidivism<sup>1</sup>. Programming and treatment options are as important to supervision as enforcement activities and it is understood that custodial sanctions manage risk well, but it does nothing to reduce the risk once an offender is released into the community<sup>2</sup>.

Promoting swift, certain, and graduated responses to technical violations of supervision is an evidence-based, research-supported strategy that is both consistent and fair<sup>3</sup>. The objectives of graduated interventions and sanctions for both technical violations of supervision and subsequent new law violations are: make sanctions proportionate to the seriousness of the violation and to hold the offender accountable; assert sufficient control and properly manage the risk that the offender presents to the community; and facilitate the offender's continued progress in changing behavior to achieve ongoing compliance, successful completion of supervision, and future law-abiding behavior.

Flash incarceration is an intermediate sanction tool utilized by a DPO to arrest individuals for lesser new law violations and/or technical violations, such as positive drug tests,

absconding, etc. The detention period of up to 10 days maximum is intended to deliver a swift and certain sanction while minimizing the impact on the individual's success in the community.

As of January 2017, flash incarceration can be utilized for the MS population if agreed upon at the time of sentencing via a Court Order. During FY 2021-22, there were 19 flash incarceration for the MS population (up from the 1 reported for FY 2020-21) and a total of 231 flash incarcerations for the PCS population, which was down 16% from the prior year's total of 274. Of the 231 flash incarcerations for FY 2021-22, 179 were for technical violations and 52 for new law violations.

PCS revocations decreased from 1,982 in FY 2020-21 to 1,813 in FY 2021-22. The charts below summarize PCS flash incarcerations and revocations.

## **Day Reporting Centers for Adults**

Non-residential adult Day Reporting Centers (DRCs) deliver structured reentry services and comprehensive programming for individuals released to the community. The main objective is to increase self-sufficiency and promote behavior changes through the delivery of evidence-based rehabilitation proven to reduce recidivism. By reducing recidivism, DRCs may reduce pressure on jails and prisons while decreasing correctional costs.

The first DRC opened in the city of Santa Ana in July 2012 and provides a combination of intensive treatment and programming, on-site supervision, and immediate reporting of behavior to the assigned DPOs of the AB 109 clients, those on PCS and MS. In June 2015, DRC services became available to the formal probation (FP) supervision population. The Santa Ana DRC is a stand-alone facility and can service up to 140 clients.

The second DRC opened in the city of Westminster in September 2017 and can service up to 75 clients. It is co-located at the Probation Department's West County Field Services Office.

DRC participants go through a multi-phase program that potentially runs six to nine months. The program includes frequent reporting to the center where participants are placed on different treatment levels and training based on a risk and needs assessment tool. DRC staff monitor individuals closely with daily check-ins, ongoing drug and alcohol testing, and intensive case management. DRC programs are rooted in consistent delivery of programming, immediate response for rewards or sanctions, and other evidence-based principles proven to change criminal behavior. DRCs help individuals gain structure, learn stability, modify the way they think and behave, and develop new life skills.

There were 3,445 participants served by the DRC through June 30, 2022. During FY 2021-22, 353 referrals resulted in 195 enrollments of which, 70% were classified as high risk. There were 239 total exits from the DRCs; 88 were satisfactory and 31 were for other reasons or considered "no fault."

## **DRC Services**

All participants are assessed by a DRC case manager at entry, receive services based on their assessed risk/needs and are held accountable for their behaviors through specific measures in the chart below.

<b>Services</b>	<b>Assessments/Accountability Measures</b>
Development of a Behavior Change Plan	Orientation & Intake Assessment using LSI Risk Assessment
Life skills & Cognitive Behavioral Therapy (Moral Reconation Therapy)	Daily attendance, participation in individual and group counseling, progress reports & communication with assigned DPO
Substance Abuse Counseling	On-site random alcohol & drug testing, individual and group sessions, progress reports & communication with assigned DPO
Anger Management Counseling	Group sessions, attendance, periodic evaluation and communication with assigned DPO
Parenting & Family Skills Training	Group sessions, attendance, periodic evaluation and communication with assigned DPO, and family nights
Job Readiness & Employee Assistance	Assistance with job preparation and placement monitored by Education & Employment Coordinator
Education Services	Access to educational computer lab, assistance and monitoring by Education & Employment Coordinator
Community Connections	Getting Connected computer application, attendance at Community Connections meetings monitored by case manager & communication with assigned DPO
Restorative Justice Honors Group	Participation and attendance monitored by coordinator & certificate of completion
Reintegration & Aftercare	Aftercare case plan, weekly check-ins, and 1:1 meetings

In March 2020, the Santa Ana and Westminster DRCs closed for in-person services. All check-ins, counseling and treatment sessions were delivered to participants by telephone. The DRCs reopened in phases in June 2020 to slowly reintroduce in-person services while keeping clients and staff safe and healthy.

Phase 1 of reopening began in June 2020. Clients only showed up in person for intake and assessment while all other services were delivered by telephone. Phase 2 started in April 2021 where clients were allowed to meet one-on-one with their case manager in-person. In Phase 3 (beginning May 2021), the DRCs opened group sessions to in-person attendance. These groups were smaller in number to comply with social distancing protocols. As of May 2022, both DRCs were in Phase 4 of reopening. In Phase 4, all breathalyzer/urinalysis services and in-person check-ins resumed. Both sites are now fully open for in-person services but still provide virtual services for selected individuals.

## **SHERIFF-CORONER DEPARTMENT**

The Orange County Sheriff-Coroner's Department (OCSO) is a large multi-faceted law enforcement agency comprised of five Command areas including the Custody Operations and Court Services. This Command includes the management of the Orange County jail system that processes over 39,000 bookings in FY 2021-22.

OCSD operates four jail facilities in the County with a total bed capacity of 6,122 beds as follows:

- Intake Release Center (IRC) with a capacity of 893 beds.
- Theo Lacy Facility with a capacity of 3,418 beds.
- Central Men's Jail with a capacity of 1,425 beds.
- Central Women's Jail with a capacity of 386 beds.
- Operations at James A. Musick Facility have been suspended pending construction of the facility.

In 2012, the State, by way of AB 900, created a competitive grant source for expansion and/or construction of new jail facilities. OCSD was awarded a \$100 million grant to fund a 512-bed expansion project at the James A. Musick Facility. OCSD also received an \$80 million grant via SB 1022 for an additional expansion to the James A. Musick Facility as part of a rehabilitation program that will add 312 beds. OCSD has merged these two projects into one modern rehabilitation facility and is currently in the construction phase with an expected completion date by July 2023.

### **County Jail Population**

Approximately 31% of the individuals housed in the County jail facilities are serving out their sentence while 69% are awaiting trial or sanctioned. Of those sentenced, an average of 76% were convicted of a felony and 24% of a misdemeanor crime.

The inmate population in the County's four jails that pertain to the 2011 Public Safety Realignment includes individuals completing their sentence awaiting supervision (local custody/MS) per PC 1170(h), PCS individuals serving less than 180 days, parole violators serving less than 180 days, and individuals sanctioned with a flash incarceration serving 10 days or less.

#### **Local Custody: MS Population**

During FY 2021-22, there were approximately 2,026 MS individuals booked with an average stay of 189 days and an additional 1,100 new commitments sentenced to serve their sentences in the Orange County Jail system. This represents the largest portion of OCSD's realigned population and has remained consistent.

#### **PCS Population**

During the same reporting period, an estimated 2,751 PCS violators were booked with an average length of stay of 59 days, a 16% increase (384 violators) from FY 2020-21. Of this amount, 277 were flash incarcerations, 1,644 were revocations for technical violations, and 830 were revocations for a new charge.

### Parole Violations

There were 2,714 bookings related to parole violations reported in FY 2021-22, a decrease of 8 (0.3%) from prior year. Of this amount, 1,114 were for violations, 143 were for revocations, and another 1,457 were for new offenses.

### **In-Custody Programs**

#### Inmate Classes

OCSD offers a host of classes and programs for inmates taught by Inmate Services staff, other County agencies, community and religious organizations, and educational and vocational partners.

Educational	Vocational	Substance Abuse	Life Skills	Reentry
<ul style="list-style-type: none"> <li>•Academic Skills</li> <li>•Attitudes for Success</li> <li>•GED</li> <li>•Inside Out Program</li> <li>•Money Matters</li> <li>•WIN Tutoring</li> </ul>	<ul style="list-style-type: none"> <li>•Introduction to Software Applications</li> <li>•Institutional Food Preparation</li> </ul>	<ul style="list-style-type: none"> <li>•AA Study Group</li> <li>•Alcoholics Anonymous Panels</li> <li>•Narcotics Anonymous Panels</li> <li>•Substance Abuse Class</li> </ul>	<ul style="list-style-type: none"> <li>•Anger Management</li> <li>•Back on Track</li> <li>•Bible Study Discipling</li> <li>•Faith Based Parenting</li> <li>•Finding the Way</li> <li>•Healthy Families</li> <li>•Kinship 101</li> <li>•Malachi Men</li> <li>•Personal Empowerment Program</li> <li>•Positive Parenting</li> <li>•Seeking Safety</li> <li>•TUMI</li> <li>•Women of Purpose</li> <li>•Workforce Preparation</li> </ul>	<ul style="list-style-type: none"> <li>•College Counseling</li> <li>•Great Escape</li> <li>•Probation 101</li> </ul>

In addition, inmates have access to religious services, counseling, and bible study as well as mentoring for reentry.

### All-In Program

This is an intensive program for 15 selected female inmates for an 8-week course that addresses all aspects of the person from parenting and coping skills to workforce preparation. This is a multi-partner collaboration led by OCSD that also includes Probation, the Public Defender's Office, and a community provider.

In FY 2019-20, a similar program was established for male inmates but had to go on hiatus due to unforeseen circumstances prior to the completion of the first course. It will be resumed dependent on the state of the COVID-19 pandemic.

### Fire Camp Program

OCSD has an established Memorandum of Understanding (MOU) with the California Department of Corrections and Rehabilitation (CDCR) to utilize PC 1170(h) sentenced inmates for state fire crews. Inmates who volunteer for the program undergo extensive training and screening. Successful candidates are subsequently selected to serve their sentence at a designated fire camp and may be considered for hire by the state as employees afterward. OCSD uses this option sparingly, primarily due to cost; however, it continues to be an option.

### Community Work Program

OCSD has used a combination of methods to manage the increase in the inmate population. One notable change has been the expansion of inmates assigned to the

Community Work Program (CWP) to include PC 1170(h) offenders. The CWP is an alternative to incarceration that allows sentenced PC 1170(h) offenders to serve their time by working on municipal work crews often providing janitorial or landscaping services at County buildings and parks. The offender is allowed to live at home but must report to a predetermined worksite location as part of a crew. Every workday completed is considered one day of service towards the offender's sentence. Failure to follow the stringent rules (curfew, avoiding substance abuse, etc.) results in a return to custody where he/she will serve the remainder of his/her sentence.

OCSD screens inmates for suitability and has the discretion to add or remove the offender from the program at any time. OCSD has dedicated resources to conduct welfare and compliance checks on PC 1170(h) inmates serving time on the CWP. This includes work site and home inspection checks. Since the inception of Prop 47, the number of eligible offenders has declined dramatically. Nevertheless, the program is still relevant and continues to be a successful population management tool as well as an opportunity for offenders to assimilate into the community while under strict supervision.

## **CORRECTIONAL HEALTH SERVICES**

The Orange County Health Care Agency's (HCA) Correctional Health Services (CHS) Division provides the medical, dental, mental health and substance use treatments to those individuals incarcerated at a County jail facility. Services are performed at a community standard of care on a 24-hour, 7-days a week basis.

Upon intake into the County jail facility, CHS triages and screens the individuals to determine their medical, mental health, and dental needs and identify subsequent treatment and medication plans. In FY 2021-22, for all in-custody patients there was an average of 1,606 open cases for mental health treatments and 233 new cases added each quarter. In addition, there were approximately 124,790 sick calls, 98,186 doctor visits in-custody, and just under 2,425 offsite doctor visits for the year.

All primary care physician services are provided within the jail; however, when an inmate needs specialty services, they are transported to specialty medical clinics off-site. Currently, there are over 25 specialty clinic services available.

For the population in the County jails per the AB 109 legislation, during the same reporting period, there were 40 emergency room visits, 17 hospitalizations, and 74 visits to specialty clinics, such as for orthopedics, radiology, dialysis, or cardiology.

### 40 EMERGENCY ROOM VISITS - BY POPULATION

### 17 HOSPITALIZATIONS - BY POPULATION

### 74 SPECIALITY CLINIC VISITS - BY POPULATION

## ORANGE COUNTY DISTRICT ATTORNEY'S OFFICE

The Orange County District Attorney's (OCDA) Office is the chief prosecutor for the County and has the responsibility to enhance public safety and welfare and create a sense of security in the community through the vigorous enforcement of criminal and civil law. OCDA is responsible for the prosecution of PCS and MS violators as well as parole violators. Within the department, there is a dedicated unit that reviews the violations, makes appropriate dispositions, and works with the Court to ensure that the appropriate sentence is meted out in each case. When cases do not settle, deputies will call upon witnesses for testimony at hearings. OCDA works with Probation, CDCR and local law enforcement entities to ensure appropriate laws are being enforced and the community is being protected.

In FY 2021-22, OCDA prosecuted over 2,274 petitions for PCS population, 612 for MS population and another 283 for parole violations.

The 3,169 petitions filed in FY 2021-22 pertained to a total of 1,375 different defendants. Of the 1,375 defendants, 1,163 (85%) were repeat offenders, having received at least one prior petition: 517 defendants (38%) had at least five prior petitions and 235 (17%) had 10 or more prior petition.

# of Prior Petitions	0	1	2	3	4	5	6-10	11-15	15+
# Defendants the Year	212	187	132	132	99	96	282	137	98

Additionally, in FY 2021-22, OCDA filed 5,888 new criminal cases against a total of 2,955 different defendants who are currently or previously on AB 109 supervision. Vehicle theft,

drug sales, and weapon charges remain the most common felony charges by an AB 109 defendant.

## ORANGE COUNTY PUBLIC DEFENDER'S OFFICE

The Orange County Public Defender's (OCPD) Office provides high-quality representation to individuals who are unable to afford a private attorney and who are in need of legal representation in criminal or mental health cases. OCPD provides legal services to indigent adults accused of felony or misdemeanor criminal violations. These legal services include keeping clients informed of the status of their cases, providing legal representation at contested and non-contested hearings, and providing reentry services to incarcerated and recently released clients to assist them in their successful completion of probation and reintegration back into the community.

The 2011 Public Safety Realignment has steadily increased OCPD's workload. While the pandemic did cause a slight decrease in the number of cases filed in the previous year, in FY 2021-2022, the number of cases has remained steady. OCPD had nearly 3,000 cases opened between the MS, PCS, and parole populations and made over 5,400 court appearances.

In response to the increased workload presented by the 2011 Realignment legislation, OCPD has expanded and diversified the types of services provided to clients. OCPD continues to emphasize the development and presentation of individualized, alternative sentencing plans to the court as potential options to incarceration. For incarcerated clients OCPD is actively involved in ensuring the client's successful reintegration back into the community and collaborates with other County partners on a weekly basis at Probation's Day Reporting Centers. OCPD assists in the coordination of services with the

Probation Department, Health Care Agency, California's Employment Development Department, and other community-based partners on behalf of the clients.

In addition, OCPD also continues to maximize relief for clients by making the most of the September 2017 Legislation, AB 1115, which expanded expungement relief for OCPD's clients. The statute permits clients previously sentenced to state prison to receive an expungement if their felony would have qualified for sentencing to county jail pursuant to subdivision (h) of Penal Code Section 1170 under the 2011 Realignment Legislation. The expungement process permits these individuals to have their guilty convictions withdrawn and dismissed, which releases them from penalties and disabilities that would otherwise prevent them from acquiring employment. Our attorneys and paralegals collaborate with community organizations and community supervision to provide on-site legal advice on how to take advantage of motions and petitions offered within our New Leaf Program. Our attorneys and paralegals provide weekly on-site assistance at Project Kinship, and our paralegals provide assistance three times a month at different parole and probation day reporting centers within the county. OCPD expects the number of expungement petitions filed to continue to increase while also continuing efforts to obtain post-conviction relief for clients. OCPD has filed thousands of petitions for resentencing or applications for reclassification, allowing low-level, non-violent offenders to get a second chance, and saving taxpayers millions of dollars.

### **Reentry Services for Clients**

OCPD collaborates with the County's public protection partners, Probation Department, Sheriff-Coroner's Department, the California Department of Corrections and Rehabilitation, Health Care Agency, and the District Attorney's Office, to provide coordinated reentry services for OCPD's clients.

OCPD employs in-house Recidivism Reduction Advisors (RRA) trained in social work to support clients. RRAs primarily work with clients on Mandatory Supervision who may need more intensive case management in order to successfully navigate reentry services. Since the commencement of the pandemic, the need for more intensive case management has increased. In response, RRAs have increased services to meet the needs of non-Mandatory Supervision clients. RRAs collaborate with other county partners to meet the specific needs of individual clients increasing their opportunity for success.

OCPD has staff dedicated to assist client reentry into the community by assisting with the following:

- Completing a comprehensive interview to obtain a life history and ensuring client's needs are accurately assessed.
- Helping obtain government documents, including birth certificates, consular documents for immigration purposes, reduced-fee identity cards, passports, social security cards, and more.

- Ensuring clients have proper medical care via SSI/SSDI applications.
- Obtaining food stamps, Cash Aid, Cal-Works, Medi-Cal, and bus passes for clients.
- Coordinating drug treatment and rehabilitation programs, mental health resources, and dental and vision benefits.
- Referring clients to specialized services such as Legal Aid, Child Support, and Family Law.
- Conducting daily visits to the jail, helping in-custody client's transition into the community by discussing housing needs, employment opportunities, as well as substance abuse and mental health needs. Staff also visit drug treatment programs to provide monthly on-site services.
- Collaborating with the Division of Adult Parole Operations of the California Department of Corrections and Rehabilitation. Dedicated staff also attend monthly meetings held by Parole for recently released parolees.
- Working with "Project Kinship," a non-profit organization helping to ensure Medi-Cal, General Relief, and food stamp benefits for clients. Project Kinship representatives accompany staff on client visits and provide guidance in submitting Medi-Cal applications and other forms of assistance.
- Locating and assisting OCPD's clients with housing.
- Setting up vocational training and education, such as truck driving schools.
- Locating transitional housing, treatment, and military records for veteran clients.
- Providing clothing and hygiene kits.
- Attending resource fairs and networking with other providers to ensure that clients have the most current, up-to-date program and resource access.

OCPD provides referrals to various resources that enable clients to obtain assistance for their basic needs including food, clothing, and shelter. Housing, particularly transitional housing, and employment, continue to be the biggest obstacles for client success on supervision.

## **LOCAL LAW ENFORCEMENT AGENCIES**

Local Law Enforcement (LLE) agencies continue to progress to meet the public safety needs of the community. As each city's needs vary, the funding for the LLE's is allocated per direction of the OCCCP and used to maintain public safety. The following highlights the investments made in the local communities:

- Staffing costs for PCS-related operations, such as compliance checks, sweeps, warrant services, and surveillance operations. (45%)
- Front line law enforcement costs, including staffing, operational costs, and general overtime expenses involved with public safety enforcement and investigations. (31%)

- Purchases of equipment to enhance or maintain public safety, such as an armored rescue vehicle, surveillance equipment, or protective gear and entry tools. (10%)
- Training for peace officers on advanced criminal activities, such as gang activity, and for public safety officials, including law enforcement personnel, specific for the Homeless Liaison Officer program. (5%)
- Costs associated with specialized programs such as: (9%)
  - Mapping/crime analysis software to systematically monitor activities of potential offenders and dangers or hazards posed by AB 109 early-released individuals.
  - Automated License Plate Reader (ALPR) program.
  - Dedicated staff for crime analysis or monitoring AB 109 offenders.
  - Services to prevent harm to self or others, homelessness, and preventable incarceration or institutionalization.

## MENTAL HEALTH AND RECOVERY SERVICES

The Orange County Health Care Agency (HCA) Mental Health and Recovery Services (MHRS) division provides mental health (MH) and substance use disorder (SUD) services for the County and strives to provide the right type of treatment, at the right place, by the right person(s)/programs, to help individuals achieve and maintain the highest quality of health and wellness.

As such, MHRS developed a continuum of treatment services comprised of many programs, both County-operated and contracted. These programs are available to residents in Orange County, including AB 109 individuals identified with untreated MH

and/or SUD. Access to services is facilitated by the use of AB 109 Screeners located in Anaheim, Santa Ana, Laguna Hills, and Westminster Probation offices.

Upon release, individuals meeting criteria for AB 109 meet with a DPO. Individuals with behavioral health issues are referred to a BHS AB 109 Screener who assesses and identifies the most appropriate level of care required and facilitates linkage. Behavioral health programs are voluntary and designed to provide community services and support to address behavioral health issues and reduce recidivism. AB 109 clients have a wide variety of services available to them, based on their individual needs. Services include behavioral health assessments, outpatient treatment (e.g., medications, individual/group therapy), case management, crisis intervention, clinically managed withdrawal management, narcotic replacement therapy, residential treatment, recovery residences, medication assisted treatment, referral and linkage to community resources and Full-Service Partnership (FSP). AB 109 clients with serious mental illness are primarily treated at the AB 109 Adult and Older Adult Behavioral Health (AOABH) Clinic in Santa Ana but can be seen at other outpatient clinic locations. AB 109 clients with mild/moderate mental health issues needing bridge psychiatric services are referred to a psychiatrist at the AB 109 Santa Ana Clinic for medication evaluation and treatment.

### **Current Services Provided**

During FY 2021-22, there were 1,245 referrals received from the Probation Department. Of this total, HCA AB 109 Screeners were able to complete 836 assessments. The table below summarizes the number of behavioral health referrals that AB 109 Screeners made and the number of admissions during same reporting period.

<b>Behavioral Health Referral and Admission FY 2021-22</b>			
<b>Services</b>	<b>Referral</b>	<b>Admission</b>	<b>Percentage Admitted<sup>4</sup></b>
Outpatient SUD Treatment	353	177	50%
Residential SUD Treatment	175	80	46%
Outpatient Mental Health	47	27	57%
Recovery Residences	45	33	73%
Clinically Managed Withdrawal Management	66	47	71%
Full-Service Partnership	30	14	47%
Mental Health Shelter	7	3	43%
Narcotic Treatment Program/ Medication-Assisted Treatment	65	40	62%
Bridge Psychiatric Services	14	5	36%

<sup>4</sup> Percentages admitted are based on number of referrals made and admissions during the specified timeframe.

During FY 2021-22, modifications continued to be made in response to the COVID-19 pandemic. AB 109 Screeners remained available onsite at Probation offices to follow up with referrals and coordinate services. Outreach and screening services were provided both telephonically and in person as needed. Staffing was a challenge during this fiscal year due to a number of vacancies. MHRS has been actively working to fill the positions as quickly as possible.

### **SUD Program: Updates and Outcomes**

During FY 2021-22, HCA continued to utilize Drug Medi-Cal Organized Delivery System (DMC-ODS) to provide a continuum of care approach for clients needing SUD treatment services. This approach allows clients with Medi-Cal to access services within the plan in various levels of care as determined in their current assessment based on the American Society of Addiction Medicine (ASAM). This includes SUD residential, withdrawal management and outpatient treatment services. With DMC-ODS, clients are able to move through the system of care with coordination to achieve sustainable recovery.

Under DMC-ODS, clients with insurance or ability to pay are referred to programs that accept those types of payments. All clients with Medi-Cal are referred to Medi-Cal approved providers. HCA recognizes that there are AB 109 clients who do not have Medi-Cal, are pending approval or reinstatement, or do not qualify for Medi-Cal. Those individuals are referred to AB 109 providers who are not DMC-certified or one of the four County-operated SUD outpatient clinics.

During FY 2021-22, HCA had a total of five SUD outpatient contracted providers with a total of 11 locations within Orange County. These providers were Korean Community (KC) Services (three locations), Phoenix House, Pacific Educational Services (PES), Twin Town (three locations), and Wel-Mor Psychology Group (three locations), providing outpatient treatment and recovery services to AB 109 clients with Medi-Cal. In combination with their current outpatient services, PES also began providing Medication-Assisted Treatment (MAT) services in 2021. Additionally, there were Narcotic Treatment Programs (NTPs) that provided MAT services for clients with an opioid disorder. The two NTP providers were Western Pacific with locations in Costa Mesa, Mission Viejo, Stanton and Fullerton and Recovery Solutions with one location in Santa Ana.

Since DMC-ODS implementation, HCA has been able to identify gaps in SUD services. These gaps have been addressed by developing new programs to ensure clients are linked to services without interruptions and ensuring that providers are co-occurring capable. The SUD Peer Mentoring Program continued to be available and accessible to adult and adolescent clients receiving SUD services from SUD County Clinics or SUD Contract Providers. Since implementation, peers have provided additional support to clients with system navigation (e.g., moving through levels of care), referral and linkage to supportive services, and community reintegration. The In-Custody SUD Treatment program, implemented in July 2020, provides SUD services to eligible clients while incarcerated.

Clients referred to this program are provided with in-custody SUD treatment (i.e., assessment, individual and group counseling, treatment planning, etc.), a postrelease continuing care component and case management services. This program assists in getting clients linked to appropriate treatment (i.e., SUD outpatient and residential services and/or mental health services) upon discharge from jail in hopes to increase overall linkage and improve continuity of care.

HCA continued to collaborate with Hazelden Betty Ford Foundation this fiscal year for Project Vista, which is a SUD Training Curriculum offered to both SUD County and Contract Providers. This training curriculum focuses on standardization of assessments, additional evidenced-based practices material and coaching and consultation sessions. The curriculum and resources will ensure standardized and integrated approaches to SUD services between all levels of care. These developed programs continue to focus on the overall improvement and quality of services being delivered to clients as well as ensuring that clients are able to move through the system of care to maintain sustainable recovery.

HCA continued to maintain a centralized process for assessment and authorizing residential treatment through the Authorization for Residential Treatment (ART) Team. This team is responsible for providing assessment, authorization, and referral to residential treatment. The team works in collaboration with SUD outpatient and residential providers to ensure that clients are placed in a timely manner when residential beds are available and placed on a waitlist when there are no beds available. This team is able to provide services and place clients in residential treatment for Medi-Cal and uninsured clients. Client requesting outpatient SUD services, such as Intensive Outpatient (IOT), Outpatient Drug Free (ODF), Recovery Maintenance Services (RMS), etc., can be directed to contact OC Links, Beneficiary Access Line (BAL) or walk into any of the County SUD and MH Clinics for an appointment for assessment. This process allows the County to be able to manage the residential waitlist, when applicable, and refer clients to the first available residential provider timely.

During FY 2021-22, HCA continued to provide substance use disorder services at the Orange Be Well Campus. Telecare was the contracted provider that provided sobering services for individuals, 18 years and older who were intoxicated, provided 3.2 level withdrawal management, low level (3.2) residential treatment as well as (3.5/3.3) ASAM level residential treatment to adults 18 years and older. HCA also continued to contract with His House and New Creation located in San Bernardino County to provide residential treatment. Due to the COVID-19 pandemic, HCA worked with providers as they experienced shortages with staffing. As a result, a number of residential treatment beds were reduced. Phoenix House temporarily suspended operations at their 3.2 withdrawal management program. HCA was unable to procure a medically managed withdrawal management program.

During FY 2021-22, HCA contracted with five providers to provide recovery residence services, including Clean Path Recovery, Gage House, Step House Recovery, The Villa,

and Grandma's House of Hope. Recovery residences provide excellent opportunities for clients to continue their recovery through outpatient services, develop healthy socialization, secure employment, and save money to move out.

The table below shows the treatment completion rates for SUD residential treatment, detox/withdrawal management and outpatient (County and contracted) treatment during FY 2021-22.

<b>SUD Treatment Completion Rates<sup>5</sup></b>			
<b>FY 2021-22</b>			
	<b>Discharges</b>	<b>Completed Treatment Goals</b>	<b>Completion Rate</b>
Residential Treatment	43	26	60%
Outpatient Treatment	76	12	16%

### **Life Functioning Improvements**

The table below summarizes the responses received from AB 109 clients (n=161) when asked about their engagement in several life functioning outcomes during FY 2021-22. Overall, AB 109 SUD showed a 47% reduction in number of client arrests, 72% reduction in number of days incarcerated, and 57% reduction in serious family conflict. There were also improvements in abstinence from alcohol by 10% and drug use by 23%, along with an 83% increase in the use of recovery networks. Employment percentages were affected by the ongoing challenges of COVID-19.

**Of those, at discharge:**

**42.4%** independent living  
**6.5%** dependent living  
**6.5%** homeless  
**44.6%** unable to locate

## **Mental Health Program: Updates and Outcomes**

### County-Operated Adult and Older Adult Clinic

AB 109 clients with serious mental illness who need outpatient services are linked to the County-operated AB 109 outpatient clinic in Santa Ana for mental health services, including assessment, case management, crisis services, counseling and therapy, and medication support. The AB 109 treatment team continued to explore and implement

<sup>6</sup> Source: CalOMS database from the HCA.

different clinical tools to improve engagement and client care. Bi-weekly treatment team meetings have continued to ensure consistent communication and care coordination for AB 109 clients.

The data listed below are life functioning outcomes for 53 AB 109 clients who received mental health services at the AB 109 clinic in Santa Ana during FY 2021-22. There were significant reductions in incarceration days (87% decrease) and moderate reductions in psychiatric hospitalization days (47% decrease). Fewer AB 109 MH clients experienced homelessness while enrolled in the program with less number of days spent in homelessness (48% decrease). Engagement in a structured role improved with treatment with a 186% increase in days spent in a vocational or educational activity.

Life Functioning Outcomes of MH Clients – AB 109 Santa Ana Clinic <sup>7</sup>				
Outcomes		12 Months Prior to Enrollment	FY 2021-22	% Change
<b>Psychiatric Hospitalizations</b>	# Clients	4	4	-0%
	# Days	142	75	-47%

	# Days	8,791	1,113	-87%
<b>Homelessness</b>	# Clients	25	12	-52%
	# Days	3,160	1,635	-48%
<b>Structured Role (Vocational or Educational)</b>	# Clients	9	19	111%
	# Days	1,098	3,142	186%

#### County-Contracted Program: Opportunity Knocks

Opportunity Knocks is a Full-Service Partnership (FSP) program that services AB 109 clients by working with the Orange County jails, community outreach team and Probation to provide a wide range of recovery and rehabilitation-focused services to adults who have a serious mental illness and are homeless or at risk of homelessness, and who are involved in the criminal justice system. The program provides intensive outpatient services including assessments; rehabilitation services; case management; counseling and therapy; 24/7 on-call response; medication support; medication education groups; skill-developing groups; educational and vocational support; housing support; benefits acquisition; linkage and support to meet with primary care providers, dentists and medical specialists as needed; linkage to other community-based resources as necessary. These services are provided in an effort to help reduce the severity of their mental illness, increase management of their symptoms, and work towards recovery and successful reintegration into society.

<sup>7</sup> Source: MS Access database HCA.

The program has a multi-disciplinary team which includes a psychiatrist, a psychiatric nurse practitioner, licensed psychiatric technician, personal service coordinators, outreach & engagement specialist, education & employment specialist, benefits specialist, housing specialist, and peer support staff. Opportunity Knocks FSP follows the Assertive Community Treatment (ACT) model of providing comprehensive, community-based interventions and linguistically and culturally competent services that promote well-being and resilience in those living with serious mental illness.

This fiscal year, in addition to continuing to coordinate with HCA AB 109 screeners, probation officers, jail and case managers to increase enrollment in the program, Opportunity Knocks focused on supporting members in completing AB 109 probation and sustaining the progress that they have made while enrolled in AB 109. The program coordinated with and worked conjointly with residential treatment services, outpatient substance use disorder treatment programs, and other service providers (e.g., sober living facilities, 12-step programs, detox centers) in order to address additional co-occurring needs of our AB 109 clients.

The data listed below are life functioning outcomes for 26 AB 109 clients who participated in the Opportunity Knocks FSP program during FY 2021-22. Over the course of treatment, there were significant reductions in psychiatric hospitalization days (78% decrease). Incarceration days decreased by 21%. Fewer AB 109 FSP clients experienced homelessness while enrolled in the program with significantly less days spent in homelessness (96% decrease). While the number of clients in a structured role decreased, the number of days that clients engaged in a structured role remained similar to the twelve months prior to enrollment. The decrease in clients participating in a structured role is a result of the focus the clients had on their mental health, housing, and reduced recidivism. While most clients were not engaged in a structured role during this FY, they are working to strengthen their mental health recovery and will be utilizing those positive successes and new skills to move into structured roles in the future.

Life Functioning Outcomes of MH Clients – AB 109 Opportunity Knocks FSP <sup>8</sup>				
Outcomes		12 Months Prior to Enrollment	FY 2021-22	% Change

### **Additional Outcomes: Both SUD and MH Clients**

AB 109 clients admitted to residential treatment, outpatient SUD and mental health services were also asked a series of questions regarding their psychiatric symptomology (i.e., how often they experienced certain psychological or emotional difficulties) at intake and during treatment.<sup>9</sup> Overall, AB 109 clients experienced less psychiatric symptoms at discharge compared to intake (see graph below).

During FY 2021-22, AB 109 clients (n=139) also completed the Self-Harm Inventory (SHI) at intake and during treatment. The SHI examines how frequently clients participate in self-harming behaviors. AB 109 clients overall showed a large reduction in self-harm behaviors with treatment. Overall, there was a 73% reduction in self-harm behaviors for AB 109 Mental Health clients and 66% reduction in self-harm behaviors for AB 109 SUD clients at discharge.

---

<sup>9</sup> Source: Modified Colorado Symptom Inventory (Conrad, J.J., et al, 2001).

Self-Harm Inventory July 2021 – June 2022				
		Mental Health % Change	SUD % Change	Overall % Change
Overdosed	# Clients	-82%	-59%	-70%
	# Overdosed	0%	-67%	-33%

	# Prescription	0%	-67%	-33%
Misused illicit (or illegal) drugs	# Clients	-75%	-17%	-46%
	# Illicit Drugs	-100%	-96%	-98%
Engaged in emotionally, physically, or sexually abusive relationships	# Clients	-81%	-59%	-70%
	# Abusive Relationships	-100%	-67%	-83%
Overall Self-Harm Behavior		-73%	-66%	-70%

Additionally, AB 109 clients also completed the Criminal Justice Scale (CJS), which examines hostility and risk-taking behaviors. During FY 2021-22, AB 109 clients (n=138) completed the CJS at intake and during treatment. AB 109 Mental Health clients showed a reduction in hostility and risk-taking behaviors at discharge compared to intake (see graph below). While SUD AB 109 clients showed a slight increase in hostility and risk-taking behaviors at discharge compared to intake, the averages were not statistically significant.

## ORANGE COUNTY COURTS

The Court has responsibility for PCS, MS, and Parole Revocation Hearings. Pursuant to California Rules of Court 4.541 and upon receipt of a petition for revocation of supervision from the supervising agency or a request for warrant, the Court accepts and files the matter for action. The Court prescribes the hearing dates and times within the required period, unless time is waived, or the Court finds good cause to continue the matter. The Court provides a hearing officer, courtroom facility, interpreter services and the means to produce a record and complies with reporting requirements to local and state agencies as defined.

## COUNTY & COMMUNITY PARTNER ORGANIZATIONS

In addition to the programs and services described, other County and community partners provide supportive services that include housing assistance, workforce preparation, and basic needs and support services.

### **Orange County Community Resources Department**

Within the Orange County Community Resources (OCCR) Department, the OC Community Services and the OC Housing & Homeless Services Divisions focus on linking eligible individuals to safe, affordable housing and shelters and provides comprehensive employment assistance and development services with the goal to help them achieve self-sufficiency.

### **Social Services Agency**

A significant responsibility of the Social Services Agency (SSA) is to determine the eligibility of individuals for Public Assistance Programs, such as CalFresh and Medi-Cal, to facilitate stability and self-sufficiency. In addition, SSA processes all reinstatements of benefits and continues to foster collaborations between programs and outreach efforts.

### **Orange County Re-Entry Partnership**

The Orange County Re-Entry Partnership (OCREP) is a collaboration with state, county, and community-based organizations to promote a system of care. Linkages are provided to public, community and faith-based agencies and advocates as resources to help individuals who were formerly incarcerated to reintegrate back into the community. Additional information can be viewed on their website at: <http://ocreenty.org>.

AB 109 Local Law Enforcement (LLE) Annual Certification  
FY 2021-22 Summary

ITEM #3

City/Agency	Funds Received <b>NOTE 1</b>	Received Certification	Indirect AB 109 services?	Contracted with CBOs?	Utilization of Funds
OCSD Contract Cities	\$214,070.51	10/19/22	NO	NO	The AB 109 allocation is used for front line law enforcement costs in OC Sheriff's contract cities' law enforcement agreements. Funds are credited against the law enforcement contract agreements.
Anaheim	\$431,151.66	09/15/22	NO	NO	<p>The majority of the FY 2021-22 AB 109 was utilized on overtime to conduct PRCS operations. For the FY 2021-22 period, we conducted 6 PRCS sweeps, 65 PRCS-related operations, search warrants, and surveillance operations. As a result, we arrested 61 PRCS offenders for violations and/or new offenses. Additionally, 6 guns were recovered and 682.32 grams gross drugs were recovered.</p> <p>The department sustained/maintained two-way radios previously purchased with AB 109 funding, which allow PRCS members to communicate internally and with local police departments during investigations and surveillances that go outside of Orange County. The department also sustained/maintained trackers and the dedicated CTF/PRCS police bite/narcotic K9 previously purchased with AB 109 funds. To assist with PRCS enforcement/compliance, operations, surveillances, and search warrants, the department purchased a kinetic breaching tool and a breaching door training tool, a camera with associated modem, less lethal ammunition, 6 night vision goggles, PLX Pen-Link Software, 4 trackers and outfitted the K9 response vehicle purchased with FY 2020-21 AB 109 funding. Funding was utilized for the cellular provider costs associated with tracking PRCS offender phones. Finally, PCS funding was utilized for several training courses.</p>
Brea	\$9,903.69	09/01/22	NO	NO	Purchased 2 tracking devices plus one year of service, warrant builder software, breaching equipment, and tire deflation devices.
Buena Park	\$49,540.93	09/08/22	NO	NO	All funding used paid a portion of the salary and benefits of a police officer position in the Homeless Unit. The officer engages with homeless subjects who are under PRCS and Probation provisions. This is an effective method of assuring homeless subjects are in compliance with their respective conditions of release.
Costa Mesa	\$67,844.47	09/07/22	NO	NO	Funds received from AB 109 for FY 2021-22 were and will be used to purchase equipment, peace officer training and supplement overtime expenses to support daily public safety efforts.
Cypress	\$13,204.58	09/08/22	NO	NO	The Cypress Police Department Special Investigations Unit conducted compliance checks on individuals identified on supervised release as it applies to AB 109. These compliance checks were in addition to their regular duties and responsibilities. Detectives utilized various investigative techniques such as surveillance, undercover operations, and compliance checks to deter criminal activity and ensure that offenders living in our community complied with their post-release conditions.
Fountain Valley	\$29,691.82	09/05/22	NO	NO	No monies spent in FY 2021-22.
Fullerton	\$102,763.26	09/14/22	NO	NO	AB 109 Public Safety Realignment funds were wholly used to help offset the difference between the Police Department annual patrol overtime budget and actual overtime costs.

**AB 109 Local Law Enforcement (LLE) Annual Certification  
FY 2021-22 Summary**

City/Agency	Funds Received <b>NOTE 1</b>	Received Certification	Indirect AB 109 services?	Contracted with CBOs?	Utilization of Funds
Garden Grove	\$157,533.76	09/21/22	NO	NO	Fiscal year 2021-22 AB 109 funds were utilized solely for overtime costs related to compliance checks and sweeps. Operations were run one to two times per month, each involving approximately 12 officers.
Huntington Beach	\$84,528.28	09/09/22	NO	NO	AB 109 funds continue to support the Automated License Plate Reader (ALPR) program by paying for the annual database subscriptions. Also, contract services were paid to an electrician to install the wiring for 2 license plate scanners on the downtown parking structure.
Irvine	\$25,215.14	09/12/22	NO	NO	AB 109 funds in the amount of \$13,924.60 were used for AB 109-related overtime for sweeps, accrued taxes for protective vests purchased with AB 19 funds in FY 2020-21, and training expenses for one sergeant and seven detectives to attend the Southern California Gang Conference.
La Habra	\$34,762.32	09/15/22	NO	NO	AB 109 Sweeps: La Habra Police Department conducted sweeps in and around the city. Funds were further utilized to cover operational cost to assist with multi-agency sweeps. General Public Safety: Public Safety Realignment Funding was utilized to assist with overtime expenses in order to further the investigational opportunities. Homeless Liaison Officers: The City of La Habra has continued to be extremely pro-active in pursuit of setting up programs and opportunities for those Homeless individuals who have set-up residency in the community. Funds have been used in a number of ways to include assisting with the HLO Count and providing outreach opportunities where members of the homeless population are educated on resources available.
La Palma	\$3,340.04	Not Received			Annual Certification was not received from City of La Palma for FY 2021-22. The Funds Received is based on the quarterly claims.
Laguna Beach	\$9,963.67	09/06/22	NO	NO	AB 109 funding continues to be utilized by our organization to help fund: • Nixle Community Alerting Program which allows the police department to quickly alert the community about any dangers or hazards posed by AB 109 early release offenders. The cost of the Nixle Community Alerting Program exceeds the \$9,963.67 provided by the Public Safety Realignment Funds (PSRF); however, the PSRF helps us maintain the operability and expand its usage. None of these funds were used to supplant any public funding.
Los Alamitos	\$4,953.15	09/22/22	NO	NO	These funds are utilized to pay overtime costs associated with compliance checks/sweeps, equipment and training to provide additional supervision and resources of these populations and identify potential violations.
Newport Beach	\$11,732.27	09/19/22	NO	NO	Funds were expensed to the General Fund to off-set expenditures used for public safety overtime for enforcement and investigations.

**AB 109 Local Law Enforcement (LLE) Annual Certification  
FY 2021-22 Summary**

City/Agency	Funds Received <b>NOTE 1</b>	Received Certification	Indirect AB 109 services?	Contracted with CBOs?	Utilization of Funds
Orange	\$92,565.90	09/15/22	NO	NO	Funding was used for overtime services of City law enforcement personnel to assist OC Probation with activities/"sweeps" outside of regular work hours.
Placentia	\$28,103.16	09/12/22	NO	NO	The funds were used towards the salary of the agency's crime analyst.
Santa Ana	\$588,967.43	09/23/22	NO		The FY 2021-22 AB 109 allocation was used for public safety purposes by funding the AB 109 Santa Ana Police Officer assigned to the AB 109 program, as well as front-line law enforcement overtime and equipment.
Tustin	\$37,966.73	09/19/22	NO	NO	The Tustin Police Department did not use AB 109 funds during fiscal year 2021-22. All funds received during this time timeframe were carried over.
Westminster	\$64,561.83	09/08/22	NO	NO	Westminster PD officers and detectives conducted several pre-planned AB 109 probation compliance checks at businesses and residence throughout the County in conjunction with the Orange County Probation Department. Funding received was used to pay personnel overtime costs related to AB 109 enforcement and compliance checks.
<b>Total</b>	<b>\$2,062,364.60</b>				

**NOTE 1:** In FY 21-22, the County received additional revenue from the State for FY 19-20 backfill and FY 20-21 base restoration. These additional revenue were disbursed to the LLEs. Thus, the "Funds Received" confirmed by the LLEs includes the additional revenue of \$1,738.22 for FY 19-20 backfill and \$26,077.50 for FY 20-21 base restoration. FY 21-22 base revenue is \$2,037,029.61.

**Project(s) Submitted for CCP Consideration

- H.I.R.E. Reentry Resource Fair (Community-based Organization) - \$10,000 and ongoing**

Charitable Ventures, a 501(c)(3) nonprofit organization, is requesting funding to host an annual H.I.R.E. Reentry Resource Fair in FY 2022-23 to connect returning citizens with the jobs, services, transportation, and legal assistance needed to help reintegrate safely and successfully into the community. The event is a county-wide collaboration among community-based providers, employers, educators, and county and government agencies that will come together to link clients with services, network with one another, and create an overall more unified and safer community. Prior year's Resource Fair was successfully held at the Honda Center in spring of 2022 that drew over 300 people, including 50 vendors.

Funding is requested to assist with the costs for planning, coordination, logistics, and direct costs for the event (such as staffing, tables/chairs, decorations, flyers/marketing, bus passes for attendees, etc.) on an ongoing fiscal basis.

***2011 Realignment – Community Corrections (AB109)

---

**Provide a detailed description of the project requested to be funded.**

The Hub for Integration, Reentry & Employment (H.I.R.E.) is a fiscally sponsored project of Charitable Ventures, a 501(c)(3) nonprofit organization. Charitable Ventures was founded in 2007 with the mission to support and empower community leaders through capacity building, sponsorship, and incubation. H.I.R.E. was founded in 2020 in response to the need for integrated services for people being released back to the Orange County Community.

H.I.R.E.'s mission is to maximize the skills and opportunities for formerly incarcerated and system-impacted youth and adults in Orange County through employment, mentorship and community building. We envision a unified Orange County where gaps in social, political, and economic opportunities are eliminated for formerly incarcerated and system-impacted youth and adults. To realize the promise of our mission, we are committed to the following principles: 1. Connect and unite Orange county stakeholders to support the reintegration of formerly incarcerated community members. 2. Use research informed and data driven strategies grounded in equity and justice. 3. Lift the voices of formerly incarcerated and system-impacted people.

H.I.R.E. will be hosting its annual Reentry Resource Fair at the Honda Center in the spring of each year. This event drew over 300 people in 2022 including 50 vendors. Individuals who attend are able to get linked directly with resources and employment to help them better reintegrate. It also serves as a method for service providers in the community to connect, share resources and network with one

Please direct all questions to Dat Thomas, CEO Budget Office.  
714.834.2320 or via email at [dat.thomas@ocgov.com](mailto:dat.thomas@ocgov.com)

another. The Honda Center is provided at no cost (for rental, staffing/event costs are separate) by OCVIBE and the City of Anaheim.

The event is held in a centralized location (Anaheim) with public transportation access making it easier for attendees to access and attend. In addition, it is an “adult-only” event geared towards returning citizens and their immediate families so that people who may have restrictions to being around children are not in violation.

H.I.R.E. is requesting funding from the CCP to assist with the costs for planning, coordination, logistics and direct costs for the event (e.g., staffing, tables/chairs, decorations, flyers/marketing, bus passes for attendees, etc.) on an ongoing annual basis.

Media coverage of the 2022 fair can be found here: [OC Register](#) and [NBC 4 News](#)

### **Explain how the project supports the OCCCP’s Vision and Mission.**

The resource fair meets the OCCCP’s vision by connecting returning citizens with the jobs, services, transportation, and legal assistance needed to help reintegrate safely (and successfully) into our communities. This event is a county-wide collaboration among community-based providers, employers, educators, and county and government agencies who come together to link clients with services, network with one another and create an overall more unified and safer community.

The CCP’s mission to enhance public safety by holding offenders accountable and reducing recidivism through fiscally responsible, quantifiable, evidence-based, and promising practices that support victims and community restoration is met through the unifying of service providers and creating linkages for returning citizens to services and resources in the community that will aid in their successful reentry.

While quantifying actual recidivism reduction due to the event itself is not easily done, research indicates that being linked with identification and important documents, transportation, food, clothing and amenities, childcare and support, legal assistance, federal assistance benefits, bank accounts, technology assistance, employment, housing, and sober living residences can have a profound effect on one’s ability to successfully reintegrate. Resource fair attendees will have access to all of these types of services at the event and are able to directly connect with and speak to the organizations and agencies equipped to help them succeed.

### **Explain how the project supports the Community Corrections System of Care.**

The Integrated Services Strategy focuses on a collaborative success strategy for the county’s highest utilizers of the corrections system. The resource fair is first and foremost, a collaboration of all community stakeholders for the successful reintegration of local offenders. Any adult who has criminal justice involvement is able to attend the event and get connected with the services they may need.

The Integrated Strategy devotes attention to addressing the underlying issues that the high utilizers have – which include things like employment, mental health, sobriety, housing, and transportation. Attendees will have access to these services in one place making it easier for them to link with the services, ask questions and find out more about them – effectively matching the “no wrong door” approach the strategy seeks to address under the Pillar 4/Reentry. With numerous service providers of all types in attendance, attendees are able to access the organization or service that best suits their individual situation.

- (4) Adult Court Unit AB 109-related activities are currently funded by Net County Cost.

# Public Safety Realignment in Orange County

---

## *AB 109 Quarterly Report*

*April to June 2022*

Prepared by:

### Orange County Community Corrections Partnership

#### **VISION STATEMENT**

"Enhancing the quality of life of Orange County residents by promoting public safety, reducing recidivism and creating safer communities."

#### **MISSION STATEMENT**

The **Mission** of the Orange County Community Corrections Partnership is to enhance public safety by holding offenders accountable and reducing recidivism by utilizing fiscally responsible, quantifiable, evidenced based and promising practices that support victims and community restoration.

Superior Court of California  
Erick L. Larsh, Presiding Judge

**Superior Court of California**  
COUNTY OF ORANGE

**CRIMINAL JUSTICE REALIGNMENT**  
Felony Only

AVG Monthly PRCS Violators Booked	Mental Health Treatment			AVG Monthly Population of PC 1170(h)
134.00 per month Average Length of Stay 74.93	Open Cases	New Cases	Rec. Psy. Drugs	144.00 Serving an average of 205.67 days
	1566	249	1089	
	Sick Calls	Dr. Visits	Off Site Dr. Visits	
	8730	8491	149	

- Total number of PC 1170(h) offenders (non-violent, non-serious, non-sex offenders) sentenced to the Orange County Jails as a new commitment. Includes both straight and split sentences.

- Total number of Post-release Community Supervision offenders booked on a 1) PC 3454(c) flash incarceration; 2) PC 3455(a) – revoked for technical violation; and 3) for new charges.

- Total number of state parole violators booked on a 1) PC 3056(a) parole violation only; 2) received jail time as a result of a parole revocation hearing; and 3) any new offense(s) including PC 1170(h) charges.

**Orange County Public Defender's Office**  
Martin Schwarz, Public Defender

The Public Defender's Office continues to assist in the reduction of recidivism by identifying and removing re-entry barriers within our Realignment client population. The Public Defender's Office Recidivism Reduction Unit (RRU) consists of attorneys, resource paralegals, Recidivism Reduction Advisors (RRA), and support staff. The RRU team is dedicated to creating improved opportunities for housing, education, employment, and mental health and substance abuse treatment services in order to assist our realignment population in acclimating back into society upon their release from custody.

With respect to our AB 109 population specifically, the global pandemic continues to affect court operations. As a result, the overall number of Post-release Community Supervision (PCS), Mandatory Supervision (MS), parole cases, and contested hearings continues to fluctuate.

During this quarter, the Public Defender's Office handled the following AB 109 matters:

PCS Cases Opened	MS Cases Opened	Parole Cases Opened	Total Court Appearances (includes PCS, MS and Parole)	Contested Hearings
1,006	217	186	1,409	11

**Recidivism Reduction Unit**

The Public Defender's Recidivism Reduction Unit works closely with our AB 109 clients in order to determine their individual needs and to identify individual barriers to re-entry. Our RRAs have continued to meet with in-custody clients for the purpose of conducting comprehensive life interviews that help identify any obstacles in finding housing, employment, and mental health and substance use disorder (SUD) services. RRAs then collaborate with other County agencies, including the Probation Department, Health Care Agency, and the Orange County Sheriff's Department to improve the delivery of necessary services.

For our in-custody AB 109 clients who suffer from SUDs, our RRAs conduct assessments using the ASAM tool to determine the client's necessary level of treatment. RRAs then work with Health Care Agency to secure appropriate treatment options. Our RRAs also access the State Automated Welfare System and CalWIN to determine if clients receive any benefits, such as Medi-Cal, CalWORKs, CalFresh, or general relief. For our in-custody SUD clients who do not actively receive Medi-Cal, and for those who are in need of a CalOptima-funded-bed, our RRAs refer them to our community partner, Project Kinship. Project Kinship meets with the client, while they are still in-custody, and assists the client in applying for Medi-Cal prior to their release.

For our in-custody AB 109 clients who suffer from mental illness, our RRAs link them directly with Correctional Health Service's (CHS) Jail to Community Re-entry Program (JCRP). Our clients are assessed by correctional mental health staff and are provided access and linkage to behavioral health and supportive services. This is just another example of how the RRU works with community partners and other agencies to resolve re-entry obstacles, decrease recidivism, and increase community safety.

Our RRAs also assist our AB 109 clients with transportation, transitional housing, SSA benefits, Medication-Assisted Treatment (MAT), and locating inpatient and outpatient SUD programs. Our clients' needs are

**Orange County Public Defender's Office**  
Martin Schwarz, Public Defender

unique and varied. Because of this, our RRAs work alongside our resource paralegals and support staff to provide a variety of resources. At times, our RRU team assists our clients at a very basic level, providing food and clothing. Often our clients have more complicated needs, which require additional assistance. This assistance can include:

- Obtaining vital records such as identification, driver's licenses, and birth certificates.
- Helping clients enroll in programs for family reunification services.
- Acquiring immigration documents to help clients obtain citizenship.
- Helping clients obtain government assistance, including General Relief benefits, food stamps, and Medi-Cal.
- Assisting clients with receiving mental health services.
- Helping clients receive veteran benefits and assistance.
- Helping clients locate educational opportunities, professional licensing or vocational schools.

In addition, the RRU's New Leaf program assists clients with legal barriers in order to increase opportunities in employment, professional licensing, and consumer credit. In this quarter, our RRU team has actively filed the following motions and petitions:

- Proposition 47 petitions, which allow certain felony convictions to be recalled and designated as misdemeanors.
- Penal Code 1203.4 motions requesting felony and misdemeanor convictions be set aside and dismissed from the client's record.
- Prop 64 petitions requesting dismissals and reductions of certain marijuana charges.
- Petitions for Certification of Rehabilitation requesting a full pardon from the Governor.

These motions and petitions are of significant benefit to our clients as they eliminate or reduce obstructions to employment opportunities.

In this quarter, our RRU team has handled the following contacts:

<b>Client Contacts</b>	<b>Program and Service Referrals</b>	<b>Obtaining Vital Records</b>	<b>Motions/Petitions Filed</b>
5,311	72	917	134

With the assistance of the Public Defender's RRU team, Realignment clients continue to make significant progress towards creating stability by obtaining employment, locating housing, and receiving treatment for substance use disorders and mental health diagnosis, thereby reducing recidivism and increasing public safety.

### Total Population Analysis

In the 2<sup>nd</sup> quarter of 2022, the Orange County District Attorney's (OCDA) Office handled a total of 505 petitions for a violation of AB 109 supervision. The 505 petitions were for a total of 320 different defendants. Of the 320 defendants, 264 (83%) were repeat offenders, having received at least 1 prior petition. 130 (41%) had at least 5 prior petitions, and 51 (16%) had more than 10 prior petitions.

Additionally, in the 2<sup>nd</sup> quarter of 2022, the OCDA filed 824 new criminal cases—415 felony (51%), 409 misdemeanor (49%)—against a total of 730 defendants who are currently or previously on AB 109 supervision. Auto theft charges were the most common new felony filed against an AB 109 individual (73 cases). Narcotic sales, weapons and burglary charges remained common as well.

Overall, PCS defendants remained the largest population of violators, and they were most likely to commit new offenses.

The following pages of this report break down the above statistics by form of supervision: mandatory supervision, PCS, and parole.

	2nd Quarter	YTD 2022	<u>Projected 2022</u>	Projected Change 2021 to 2022	2021	2020	2019

## Referrals and Admissions

**Probation Referrals & HCA Assessments**

**Admitted to Outpatient Treatment**

**Admitted to Housing**

**Admitted to Residential Treatment & Clinically Managed Withdrawal Management**

---

**HCA AB 109 Referrals and Admissions from April through June 2022:**

Services	Referrals	Admissions
Outpatient Substance Use Disorder	81	41
Residential Substance Use Disorder	30	11
Clinically Managed Withdrawal Management	10	14
Narcotic Treatment Program/Medication-Assisted Treatment	11	8
Outpatient Mental Health Treatment	9	6
Bridge Psychiatric Services	4	1
Full Service Partnership	8	3
Mental Health Short-Term Housing	0	0
Recovery Residences	13	12

**Mental Health and Recovery Services (MHRS)**

During this quarter, HCA AB 109 screeners were available on site at the Santa Ana Probation Office to screen, assess, facilitate linkage, and coordinate services with probation officers and service providers. HCA MHRS is actively working to fill the two vacant AB 109 screener positions.

MHRS continues to collaborate with Correctional Health Services (CHS) to increase the number of individuals linked to Open Access North and Substance Use Disorder (SUD) clinic in Santa Ana. During this quarter, 21 individuals experiencing serious mental illness were successfully linked to Open Access North upon release. On June 16, 2022, MHRS also began conducting in reach for the Medication-Assisted Treatment (MAT) referrals to Santa Ana SUD clinic. The Santa Ana SUD Clinic is able to offer MAT services to Medi-Cal beneficiaries and unfunded individuals currently enrolled in one of the four County SUD clinics and receive referrals for individuals who are released from the jail setting or discharged from an emergency department. Medications available include buprenorphine for opioid use disorder and naltrexone for opioid and alcohol use, support individuals in abstaining from substance use and advancing in recovery.

On June 30, 2022, the contract with KC Services to provide outpatient SUD services ended. Currently, there are four contracted providers for outpatient SUD services: Pacific Educational Services (PES-eb), Phoenix House of Orange County, Twin Town Treatment Center with 3 locations (Los Alamitos, Laguna Hills and Orange), and Wel-Mor Psychological Group with 3 locations (Newport Beach, Fullerton and Laguna Hills).

From April through June 2022, HCA AB 109 team received 307 AB 109 referrals from Probation Department, completed 169 assessments and made 166 service referrals. Of the service referrals made, 18% were for residential SUD treatment, 49% for outpatient SUD treatment, 6% for clinically managed withdrawal management, 8% for recovery residences and mental health short-term housing, 8% for outpatient mental health and bridge psychiatric services, 7% for narcotic treatment program and medication-assisted treatment, and 5% for full service partnership services. During this quarter, there were 96 service admissions. Some challenges for admissions include clients having difficulties following through with scheduled intake appointment, lack of transportation and lack of phone to keep in contact with clients. HCA AB 109 team works closely with probation officers to engage clients in services and re-refer as needed.

## Correctional Health Services

### Vivitrol Administration, Emergency Room, and Hospitalizations

Correctional Health Services' staff administered zero (1) Vivitrol in the second quarter of 2022. A total of thirteen (13) AB 109 inmates were either hospitalized or treated in the Emergency Department. There was an increase from the previous quarter.

### Specialty Clinics

All primary care physician services are provided within the jail; however, when an AB 109 inmate needs specialty services, they are transported to specialty medical clinics off-site, such as, Cardiology, Nephrology, Oncology, OB, Surgery, etc. There are currently nearly 26 specialty clinic services available with 8 clinic visits completed during the 2<sup>nd</sup> quarter of 2022 for AB 109 inmates specifically. This equates to approximately 1.5% of the total specialty clinic services for this quarter.

In-custody Correctional Health Services triages and screens every AB 109 inmate in the jail to determine their medical and mental health needs and subsequent treatment and medication plan. The volume of patients is reflected in the Sheriff's section of this report, as all in-custody inmates on the Sheriff's census are also managed by in-custody healthcare staff.

Since the inception of AB 109 through June 30, 2022, OC Probation has supervised 10,884 former state prisoners.

As of June 30, 2022, 1011 individuals were on PCS active supervision.

PCS individuals without custodial sanctions are mandatorily discharged after one year. During the second quarter of 2022, 43 individuals were released on one-year mandatory terminations.

PCS Controlling Offense (All Felonies)	Person	Property	Drug	Weapons	Other
	13%	32%	30%	10%	15%

### Mandatory Supervision

Individuals with MS Convictions from October 1, 2011 through June 30, 2022 = 4,604

Mandatory Supervision (MS) individuals are offenders sentenced under PC § 1170(h) who receive jail time followed by supervision. During the second quarter of 2022, 43 individuals were sentenced to MS. In addition, 36 individuals were sentenced but are still in Orange County Jails – once released, OC Probation will supervise them.

As of June 2022, 319 individuals are actively supervised while 473 individuals are on active warrant.

# Public Safety Realignment in Orange County

---

## *AB 109 Quarterly Report* *July to September 2022*

Prepared by:

### Orange County Community Corrections Partnership

#### **VISION STATEMENT**

"Enhancing the quality of life of Orange County residents by promoting public safety, reducing recidivism and creating safer communities."

#### **MISSION STATEMENT**

The **Mission** of the Orange County Community Corrections Partnership is to enhance public safety by holding offenders accountable and reducing recidivism by utilizing fiscally responsible, quantifiable, evidenced based and promising practices that support victims and community restoration.

Superior Court of California  
Erick L. Larsh, Presiding Judge

- Total number of PC 1170 (h) offenders (non-violent, non-serious, non-sex offenders) sentenced to the Orange County Jails as a new commitment. Includes both straight and split sentences.

- Total number of Post-Release Community Supervision offenders booked on a 1) PC 3454(c) flash incarceration; 2) PC3455(a) – revoked for technical violation; and 3) for new charges.

- Total number of state parole violators booked on a 1) PC3056(a) parole violation only; 2) received jail time as a result of a parole revocation hearing; and 3) any new offense(s) including 1170(h) charges.

The Public Defender's Office continues to assist in the reduction of recidivism by identifying and removing re-entry barriers within our Realignment client population. The Public Defender's Office Recidivism Reduction Unit (RRU) consists of attorneys, resource paralegals, Recidivism Reduction Advisors (RRA), and support staff. The RRU team is dedicated to creating improved opportunities for housing, education, employment, and mental health and substance abuse treatment services in order to assist our realignment population in acclimating back into society upon their release from custody.

With respect to our AB 109 population specifically, court operations remain affected in the wake of the global pandemic. As a result, the overall number of Post release Community Supervision (PCS), Mandatory Supervision (MS), parole cases, and contested hearings continues to fluctuate.

During this quarter, the Public Defender's Office handled the following AB109 matters:

PCS Cases Opened	MS Cases Opened	Parole Cases Opened	Total Court Appearances (includes PCS, MS and Parole)	Contested Hearings
530	121	85	736	21

#### **Recidivism Reduction Unit**

The Public Defender's Recidivism Reduction Unit works closely with our AB109 clients in order to determine their individual needs and to identify individual barriers to re-entry. Our RRAs have continued to meet with in-custody clients for the purpose of conducting comprehensive life interviews that help identify any obstacles in finding housing, employment, and mental health and substance use disorder (SUD) services. RRAs then collaborate with other county agencies including the Probation Department, Health Care Agency, and the Orange County Sheriff's Department to improve the delivery of necessary services.

For our in-custody AB109 clients who suffer from SUDs, our RRAs conduct assessments using the ASAM tool to determine the client's necessary level of treatment. RRAs then work with Health Care Agency to secure appropriate treatment options. Our RRAs also access the State Automated Welfare System and CalWIN to determine if clients receive any benefits, such as Medi-Cal, CalWORKs, CalFresh, or general relief. For our in-custody SUD clients who do not actively receive Medi-Cal, and for those who are in need of a CalOptima-funded-bed, our RRAs refer them to our community partner, Project Kinship. Project Kinship meets with the client, while they are still in-custody, and assists the client in applying for Medi-Cal prior to their release.

For our in-custody AB109 clients that suffer from mental illness, our RRAs link them directly with Correctional Health Service's (CHS) Jail to Community Re-entry Program (JCRP). Our clients are assessed by correctional mental health staff and are provided access and linkage to behavioral health and

**Orange County Public Defender's Office**  
Martin Schwarz, Public Defender

supportive services. This is just another example of how the RRU works with community partners and other agencies to resolve re-entry obstacles, decrease recidivism, and increase community safety.

Our RRAs also assist our AB 109 clients with transportation, transitional housing, SSA benefits, Medication-Assisted Treatment (MAT), and locating inpatient and outpatient SUD programs. Our clients' needs are unique and varied. Because of this, our RRAs work alongside our attorneys, resource paralegals and support staff to provide a variety of resources. At times, our RRU team assists our clients at a very basic level, providing food and clothing. Often our clients have more complicated needs, which require additional assistance. This assistance can include:

- Obtaining vital records such as identification, driver's licenses, and birth certificates
- Helping clients enroll in programs for family reunification services
- Acquiring immigration documents to help clients obtain citizenship
- Helping clients obtain government assistance, including General Relief benefits, food stamps, and Medi-Cal
- Assisting clients with receiving mental health services
- Helping clients receive veteran benefits and assistance
- Helping clients locate educational opportunities, professional licensing, or vocational schools

In addition, the RRU's New Leaf program assists clients with legal barriers, in order to increase opportunities in employment, professional licensing, and consumer credit. Our attorneys and paralegals collaborate with community organizations and community supervision to provide on-site legal advice on how to take advantage of motions and petitions offered within our New Leaf Program and to provide participants with the resources listed above. Our attorneys and paralegals provide weekly on-site assistance at Project Kinship, and our paralegals provide assistance three times a month at different parole and probation day reporting centers within the county.

In this quarter, our RRU team has actively filed the following motions and petitions:

- Proposition 47 petitions, which allow certain felony convictions to be recalled and designated as misdemeanors
- Penal Code 1203.4 motions requesting felony and misdemeanor convictions be set aside and dismissed from the client's record
- Prop 64 petitions requesting dismissals and reductions of certain marijuana charges
- Petitions for Certification of Rehabilitation requesting a full pardon from the Governor

**Orange County Public Defender's Office**  
Martin Schwarz, Public Defender

These motions and petitions are of significant benefit to our clients as they eliminate or reduce obstructions to employment opportunities.

In this quarter, our RRU team has handled the following contacts:

Client Contacts	Program and Service Referrals	Obtaining Vital Records	Motions/Petitions Filed
<b>1486</b>	<b>20</b>	<b>256</b>	<b>161</b>

The RRU is also committed to assisting clients successfully reenter the community by teaching life skills education to assist clients in meeting the needs and demands of present society. Our attorneys provide weekly life skills education within the custodial setting to a selected group of individuals, prior to their release from custody. These individuals learn to develop social, emotional, and thinking skills to help them adjust and succeed upon their reentry into the community. With the assistance of the Public Defender's RRU team, Realignment clients continue to make significant progress towards creating stability by learning life skills, obtaining employment, locating housing, and receiving treatment for substance use disorders and mental health diagnosis, thereby reducing recidivism and increasing public safety.

### Total Population Analysis

In the third quarter of 2022, the Orange County District Attorney's Office (OCDA) handled a total of 717 petitions for a violation of AB109 supervision. The 717 petitions were for a total of 515 different defendants. Of the 515 defendants, 433 (84%) were repeat offenders, having received at least 1 prior petition. 248 (48%) had at least 5 prior petitions, and 98 (19%) had more than 10 prior petitions.

Additionally, in the second quarter of 2022 the OCDA filed 1024 new criminal cases- 444 felony (43%), 580 misdemeanor (57%)- against a total of 858 defendants who are currently or previously on AB109 supervision. Weapons charges were the most common new felony filed against an AB109 individual (69 cases). Auto theft, narcotic sales, and burglary charges remained common as well.

Overall, PRCS defendants remained the largest population of violators, and they were most likely to commit new offenses.

The following pages of this report break down the above statistics by form of supervision- mandatory supervision, PRCS, and parole.

	3rd Quarter	YTD 2022	Projected 2022	Projected Change 2021 to 2022	2021	2020	2019

Mental Health and Recovery Services

## Referrals and Admissions

**Probation Referrals & HCA Assessments**

**Admitted to Outpatient Treatment**

**Admitted to Housing**

**Admitted to Residential Treatment & Clinically Managed Withdrawal Management**

**HCA AB 109 Referrals and Admissions from April through June 2022:**

Services	Referrals	Admissions
Outpatient Substance Use Disorder	65	50
Residential Substance Use Disorder	26	14
Clinically Managed Withdrawal Management	7	5
Narcotic Treatment Program/Medication-Assisted Treatment	13	5
Outpatient Mental Health Treatment	1	0
Bridge Psychiatric Services	0	0
Full Service Partnership	7	4
Recovery Residences	14	7

**Mental Health and Recovery Services (MHRS)**

During this quarter, HCA AB 109 screeners continue to be available on site at the Santa Ana Probation Office to screen, assess, facilitate linkage, and coordinate services with probation officers and service providers. HCA was also able to fill the AB 109 Service Chief and two screener positions.

HCA MHRS system navigators continue to work closely with Correctional Health Services to provide in reach, transportation, and linkage upon release. During this quarter, 12 individuals with serious mental illness enrolled at the Open Access North program upon release and 20 individuals with substance use issues enrolled at the Santa Ana Substance Use Disorder (SUD) clinic.

To increase capacity, HCA is seeking for Drug Medi-Cal certified providers to provide Residential and Withdrawal Management Treatment Services. The request for applications remains open. On August 2, 2022, HCA released the request for proposals for a Reentry Success Center. As of September 7, 2022, Exodus is providing Sobering Services at the Be Well campus located in the city of Orange.

During this quarter, HCA AB 109 team received 293 AB 109 referrals from Probation, completed 146 assessments and made 133 service referrals. Of the service referrals made, 20% were for residential substance use disorder (SUD) treatment, 49% for outpatient SUD treatment, 5% for clinically managed withdrawal management, 11% for recovery residences, 1% for outpatient mental health and bridge psychiatric services, 10% for narcotic treatment program and medication-assisted treatment, and 5% for full-service partnership services. During this quarter, there were 85 service admissions. HCA AB 109 team continues to work closely with probation officers to engage AB 109 clients in services and re-refer as needed.

## Correctional Health Services

### **Vivitrol Administration, Emergency Room, and Hospitalizations**

Correctional Health Services' staff administered zero (0) Vivitrol in the second quarter of 2022. A total of fourteen (14) AB 109 inmates were either hospitalized or treated in the Emergency Department. This was an increase from the previous quarter.

### **Specialty Clinics**

All primary care physician services are provided within the jail; however, when an AB 109 inmate needs specialty services, they are transported to specialty medical clinics off-site (such as, Cardiology, Nephrology, Oncology, OB, Surgery, etc.). There are currently nearly 26 specialty clinic services available with 12 clinic visits completed during the 3rd quarter of 2022 for AB 109 inmates specifically. This equates to approximately 2% of the total specialty clinic services for this quarter.

In-custody Correctional Health Services triages and screens every AB 109 inmate in the jail to determine their medical and mental health needs and subsequent treatment and medication plan. The volume of patients is reflected in the Sheriff's section of this report, as all in-custody inmates on the Sheriff's census are also managed by in-custody healthcare staff.

Since the inception of AB 109 through June September 30, 2022, OC Probation has supervised 11,014 former state prisoners.

As of September 30, 2022, 1007 individuals were on PCS active supervision.

PCS individuals without custodial sanctions are mandatorily discharged after one year. During the third quarter of 2022, 53 individuals were released on one-year mandatory terminations.

PCS Controlling Offense (All Felonies)	Person	Property	Drug	Weapons	Other
	13%	32%	30%	10%	15%

### Mandatory Supervision

Individuals with MS Convictions from October 1, 2011 through September 30, 2022 = 4,636

Mandatory Supervision (MS) individuals are offenders sentenced under PC § 1170(h) who receive jail time followed by supervision. During the third quarter of 2022, 50 individuals were sentenced to MS. In addition, 38 individuals were sentenced but are still in Orange County Jails – once released, OC Probation will supervise them.

As of September 2022, 302 individuals are actively supervised while 474 individuals are on active warrant.

# ATTENDEES:

\*\*163 people registered, 312 total entered the facility including partner agencies and outside people. Not all people were accounted for and not all people who registered turned in a form upon exit. This will be reflected throughout the numbers. Additionally, there is a high number of "did not answer" as many forms were not filled out entirely and volunteers did not catch this.

# ATTENDEE AGE:

\*Of those that were 60+, four were over the age of 70 (71, 74, 74, 80)

# ATTENDEE EMPLOYMENT STATUS:

## "Other" Replies:

- Stay at home mother
- Looking for 2nd job
- Subcontracted
- Visitor
- layed off
- Lossing Teadius Job - Sept 02
- Looking for work
- Self Employed

\*\*Answers are copied verbatim from forms turned in

Question: What is your current employment status?

# ATTENDEE RELEASE STATUS:

Total: 148

## "Other" Answers:

- HCA
- N/A
- Informal Probation
- Discharged 6/10/22
- Done
- Family Member
- Service Provider
- Pending Case
- DUI
- \*Writing Not Legible - CAH?
- Free
- None of these
- Halfway
- Finished
- Off Parole
- Been a long time
- Off Parole
- No
- Released
- Bail
- Not on Supervision, Just finished Probation

\*\* Answers are copied verbatim from forms collected

Question: What is your release status?

# ATTENDEE HOUSING STATUS:

## "Other" Answers:

- Car
- Renting a Room
- Van
- Motel
- Mom's House
- Room & Board
- Halfway House
- Seeking permanent place

\*\* Answers are copied verbatim from forms collected

Total: 144

Question: What is your housing status?

# ATTENDEE EDUCATION LEVEL:

\*Juris Doctorate

Total: 147

Question: What is the highest level of education you have completed?

\*\*Note, Vocational School was not a choice (one wrote it in) and Juris Doctorate was not a choice (one wrote it in)

# DID ATTENDEE RECEIVE USEFUL INFO TODAY?

Did Not Answer

16
