CONTRIBUTION TO SCIENCE

Project Director for “Substance Abuse Prevention, HIV and Hepatitis Prevention for Minority Populations & Minority Reentry Populations in Communities of Color” with SAMHSA federal grant CSAP SP-05-001, 2006-2010.

Purpose of Study: To support meaningful and relevant results (measurable through baseline and post samplings) including: reduction in substance abuse; increased family bonding; increased awareness in the Latinx community of HIV/AIDS and Hepatitis; decreased infection risk for HIV/Hepatitis, and other STD's; improved access to free and anonymous HIV, Hepatitis C, and STD's testing; increased legal knowledge; reduction in youth delinquency; improved access to culturally appropriate primary and mental health care services; and decreased cultural “taboos” and myths about HIV/AIDS. The Orange County Bar Foundation targeted Latino youth, males and females, ages 12-18, in Orange County, CA that are at high risk of substance abuse and HIV/Hepatitis infection using the evidence based model Brief Strategic Family Therapy.

Project Director for “Youth Transitional Intervention Program Aftercare/Reentry” with Correctional Standards Authority (now known as BSCC) state Title II grants CSA#343-08, 2007-2010.

Purpose of Study: To assist incarcerated Orange County youth as they transition out of confinement and reestablish themselves in their home, school, and community environments. This intensive one-year aftercare program provided both individual and family services aimed at preventing recidivism and improving pro-social behaviors, school performance, and family bonding.

Project Director for “HIV Prevention for Female Adolescent/Youth at Great Risk for Juvenile Delinquency” with SAMHSA federal grants Office on Women’s Health, 2008-2014.

Purpose of Study: The program evaluation utilized a pre and post-test repeated measures design to assess the impacts of the Orange County Bar Foundation’s Chicas Con Fuerza nine-month prevention model with a sample of adolescent Latinas ages 9 years to 17 years. The Office of Women’s Health National Survey was used to assess the program’s effects on HIV risks, sexually risky behaviors, academic attainment, substance abuse and juvenile delinquency. Local evaluation examined the mediating effects of socio-cultural factors that included acculturation level and Latina gender sex roles. Socio-cultural factors will be explored in the context of Protective/Risk factors and their impact on program outcomes.

Project Director for “Offender Reentry Program” with SAMHSA federal grants Center of Substance Abuse and Treatment TI-09-005, 2009-2012

Purpose of Study: Provided re-entry youth, male and female, ages 14-18, in Orange County, California and their families with evidence based Adolescent Community Reinforcement Approach that was culturally relevant and language appropriate aftercare service that extended substance

abuse treatment, prevented recidivism, improved youth environments, and provided access to pro-social activities and local resources.

Project Director for “Alternatives to Detention” with Correctional Standards Authority (now known as BSCC) Title II Grant CSA#385-11, 2012-2014

Purpose of Study: To reach at-risk youth early, break patterns of behavior that can escalate quickly into chronic criminal behavior and substance abuse, and prepare youth to lead responsible, productive lives. Science based model for reducing delinquency among high-risk Latinx youth, as they are disproportionately represented in Orange County in respect to delinquent behavior, substance abuse, and incarceration.

Project Director for “California Personal Responsibility Education Program (CAPREP)” with California Department of Public Health, Maternal, Child and Adolescent Division 2015-2022

Purpose of Study: To provide comprehensive sexual health education to Latinx adolescents ages 12-17 via effective, evidence-based program models who reside, attend schools or receive reproductive health services in a high-need geographic area; attend an alternative/continuation school, and/or involved in foster care or juvenile justice system. The program focuses on how to pre-vent pregnancy and sexually transmitted infections (STIs). Program services are engaging, nonjudgmental, medically accurate and tailored to the unique needs of youth participants and their communities. Services are offered in a range of settings, including schools, juvenile justice facilities, homeless shelters and foster care group homes. CA PREP activities also include community engagement and promotion of clinical linkages to youth-friendly reproductive health services.

PROFESSIONAL EXPERIENCE SUMMARY

DEPUTY CHIEF OPERATIONS OFFICER- JUVENILE, FAMILY LAW, JURY SERVICES, SELF HELP, CRS

Orange County Superior Court- 10/2002 to present

I directly report to the Chief of Operations- I plan, organize, and direct overall operations of 5 units. My leadership team of 13 managers and analyst support 33 judicial officers and 387 court staff. In my role, I routinely collaborate with the Presiding Judge, Juvenile Presiding Judge, Supervising Judge and justice partners regarding policies/procedures and programs. I direct the analysis of legislative changes, workload studies, programs/procedures, and lead implementation efforts through subordinate staff. I inform, guide, and recommend innovative solutions to promote operational efficiencies, while supporting judicial and organizational goals and priorities. I participate and/or chair various statewide and local committees and working groups related to the areas I oversee.

DEPUTY CHIEF OPERATIONS OFFICER- CIVIL, PROBATE, RECORDS & EXHIBITS, LANGUAGE ACCESS

Orange County Superior Court- 6/2018 to 9/2022

I directly reported to the Chief of Operations- I planned, organized, and directed overall operations of 4 units including Civil, Probate, Records & Exhibits and Language Access Services. My leadership team of 13 managers and analyst supported 40 judicial officers, 96 interpreters, and 278 court staff across four court locations. In my role, I routinely collaborated with the Presiding Judge, Supervising Judges, and justice partners regarding policies/procedures and programs. I directed the analysis of legislative changes, workload studies, programs/procedures, and lead implementation efforts through subordinate staff. I informed, guided, and recommended innovative solutions to promote operational efficiencies, while supporting judicial and organizational goals and priorities.

DIRECTOR OF OPERATIONS- CRIMINAL, TRAFFIC & COLLABORATIVE COURTS

Orange County Superior Court- 10/2014 to 6/2018

I directly reported to the Chief of Operations- I planned, organized, and directed overall operations of Criminal, Traffic and Collaborative Courts court-wide. Through assistance from 340 staff, my unit supported 75 judicial officers & daily operations at four court locations. In this capacity, I routinely collaborated with the Presiding Judge, Supervising Judges, and justice partners. I directed the analysis of legislative changes, workload studies, programs/procedures, and lead implementation efforts through subordinate staff. I analyzed trends and recommended policies/programs to the Chief of Operations, Executive Officer, Judicial leadership, and stakeholder agencies.

COURT OPERATIONS MANAGER- CRIMINAL & CIVIL COURT SUPPORT

San Diego Superior Court, Central Division- 4/2013 to 10/2014

I directly reported to the Assistant Executive Officer- I planned, organized, and directed daily courtroom operations for the Central Division. Through assistance from 100 staff, my unit supported 57 judicial officers and courtrooms that covered Civil, Criminal, Family & Juvenile. I collaborated with fellow managers to analyze legislation, assess business practices, and streamline procedures. I proposed and implemented policies and programs under the guidance of judicial leadership and members of the Executive team.

COURT OPERATIONS MANAGER- JUVENILE DIVISION

San Diego Superior Court- 9/2013 to 4/2013

I directly reported to the Assistant Executive Officer- I planned, organized and directed the daily operations of Juvenile Court. My unit was responsible for supporting 11 judicial officers and courtroom and I routinely collaborated with the Juvenile Presiding Judge and Justice Partners. In this capacity, I was responsible for all Juvenile operations, facilities, maintenance, and security.

PROJECT MANAGER- CCMS

San Diego Superior Court- Information Technology- 9/2007 to 9/2010

I directly reported to the CCMS Program Office Director- I planned, organized and directed the court's participation in the CCMS program. I represented San Diego at the state level and was responsible for overseeing all activities underway, while directly supervising and developing staff assigned to the CCMS Program Office. As the Project Manager, I was an advocate for system designs that met operational needs. Also led the judicial track wherein I worked closely with judges statewide on the development of the judicial component of the case management system.

KEY AREAS OF EXPERIENCE

Committees & Policy Development:

I routinely participate in court-wide committees wherein I analyze issues, discuss practices and recommend court policies to executive management and judicial leadership. I tactfully inform, guide and recommend innovative solutions that promote operational efficiencies while supporting judicial and organizational goals.

Judicial Support:

I support diplomatic judicial interactions that instill trust and foster confidence to support solutions that balance operational and judicial needs whenever possible. I effectively resolve issues and concerns that arise through collaboration and open communication. I work closely with judicial leadership at various levels to recommend and implement policies and programs.

Stakeholder Collaboration:

I collaborate extensively with various senior stakeholder representatives to address issues, improve processes and implement new programs. I strategically and tactfully approach the development of proposals and communication to ensure foster positive working relationships.

Technology & Project Management:

I continuously collaborate with various units in the court to implement innovative technology projects, including developing proposals, leading project teams, tracking implementation timelines, and conducting presentations and training.

Strategic Planning:

I continuously assess various workloads and emerging trends to anticipate workloads and resource needs. I develop strategic plans to implement changes and achieve goals and priorities. I assess organizational needs, draft and present recommendations accordingly.

Juvenile Justice Realignment Block Grant County Allocation Schedule

Dear Ms. Sidarous:

The Department of Finance is providing the attached schedule for the allocation of funding to counties consistent with Welfare and Institutions Code (WIC) section 1991, subdivision (c), as authorized by Chapter 337, Statutes of 2020 (SB 823) and Chapter 18, Statutes of 2021 (SB 92). The amounts reflected on the attached schedule were calculated consistent with the by-county distribution methodology outlined in WIC section 1991, subdivision (a)(1). These allocations should be made from Program 4945-Corrections Planning and Grants Program of Item 5227-606-0001, ENY 2021. This funding is authorized for the purposes specified in WIC section 1991, subdivision (a).

Although WIC section 1991, subdivision (a)(1) identifies an appropriation amount of \$39,949,000, WIC section 1991, subdivision (a)(5) requires Finance to increase the amount for any county whose allocation is less than \$250,000 to not more than \$250,000. WIC section 1991, subdivision (a)(5) also authorizes the increase of the appropriation amounts specified in WIC section 1991, subdivision (a) by the amount needed to bring each county allocation to \$250,000. Accordingly, the total appropriation amount for the 2021-22 fiscal year is \$45,692,000.

If you have any questions or need additional information regarding this matter, please call Allison Hewitt, Principal Program Budget Analyst, at (916) 445-8913.

2022-23 Juvenile Justice Realignment Block Grant County Allocation Schedule

The Department of Finance is providing the attached revised schedule for the allocation of funding to counties consistent with Welfare and Institutions Code (WIC) section 1991, subdivision (c), as authorized by Chapter 337, Statutes of 2020 (SB 823) and Chapter 18, Statutes of 2021 (SB 92). This letter and the revised allocation schedule are intended to replace the initial letter issued by Finance on July 1, 2022 and the letter encompassing technical changes issued on July 11, 2022. The amounts reflected on the revised schedule attached were calculated consistent with the by-county distribution methodology outlined in WIC section 1991, subdivision (a)(1). These allocations should be made from Program 4945-Corrections Planning and Grant Programs of Item 5227-606-0001, ENY 2022. This funding is authorized for the purposes specified in WIC section 1991, subdivision (a).

Although WIC section 1991, subdivision (a)(2) identifies an appropriation amount of \$118,339,000, WIC section 1991, subdivision (a)(5) requires Finance to increase the amount for any county whose allocation is less than \$250,000 to not more than \$250,000. WIC section 1991, subdivision (a)(5) also authorizes the increase of the appropriation amounts specified in WIC section 1991, subdivision (a) by the amount needed to bring each county allocation to \$250,000. Accordingly, the total appropriation amount for the 2022-23 fiscal year is \$121,438,094.

If you have any questions or need additional information regarding this matter, please call Allison Hewitt, Principal Program Budget Analyst, at (916) 445-8913.

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant
2021 Expenditure and Data Report
Due Date (*on or before*): October 1, 2022

On or before October 1, 2022, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "**(County Name) 2022 JJCPA-YOBG Report.**" For example, Sacramento County would name its file "Sacramento 2021 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: **JJCPA-YOBG@bscc.ca.gov**. All reports will be posted to the BSCC website. We encourage you to review your report for accuracy before sending it to the BSCC. Please do **NOT** change the report form to a PDF document.

COMPLETING THE REMAINDER OF THE REPORT:

The report consists of several worksheets. Each worksheet is accessed by clicking on the labeled tabs below. (You are currently in the worksheet titled "**CONTACT INFORMATION**".) Complete the report by providing the information requested in each worksheet.

On the worksheet "**REPORT 1**," you will pull data directly from your Juvenile Court & Probation Statistical System (JCPSS) Report 1 that you received from the California Department of Justice (DOJ) for 2021. Similarly, for the worksheet labeled "**REPORT 3**," you will pull information directly from your 2021 JCPSS Report 3. On the worksheet "**ARREST DATA**," you will obtain data from the DOJ's Open Justice public website.

On the worksheet "**TREND ANALYSIS**," you will describe how the programs and activities funded by JJCPA-YOBG have, or may have, contributed to the trends seen in the data included in REPORT 1, REPORT 3, and ARREST DATA.

On the "**EXPENDITURE DETAILS**" worksheet, you are required to provide a detailed accounting of actual expenditures for each program, placement, service, strategy, or system enhancement that was funded by JJCPA and/or YOBG during the preceding fiscal year. This worksheet is also where you are asked to provide a description of each item funded.

ANALYSIS OF COUNTYWIDE TREND DATA for: ORANGE

Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

Juvenile arrests in Orange County dropped every year for the last 14 years resulting in an overall decrease of 91% from 2007 to 2021. Recent laws such as Prop 47 reclassified some felonies to misdemeanors but had little to no effect on serious and violent felonies. As a result, serious and violent felonies, while also declining in numbers, represent a higher percent of total arrests beginning in 2015.

ACCOUNTING OF JJCPA-YOBG EXPENDITURES for:**ORANGE**

Use the template(s) below to report the programs, placements, services, strategies, and/or system enhancements you funded in the preceding fiscal year. Use a separate template for each program, placement, service, strategy, or system enhancement that was supported with JJCPA and/or YOBG funds. If you need more templates than provided, click on the "Add'l EXPENDITURE DETAIL Forms" tab.

Start by indicating the name of the first program, placement, service, strategy, or system enhancement that was funded with JJCPA and/or YOBG funds last year. Next indicate the expenditure category using the drop down list provided in the Expenditure Category portion on each of the templates.

For each program, placement, service, strategy, or system enhancement, record actual expenditure details for the preceding fiscal year. Expenditures will be categorized as coming from one or more of three funding sources - JJCPA funds, YOBG funds, and other funding sources (local, federal, other state, private, etc.). Be sure to report all JJCPA and YOBG expenditures for the preceding fiscal year irrespective of the fiscal year during which the funds were allocated. Definitions of the budget line items are provided on the next page.

Salaries and Benefits includes all expenditures related to paying the salaries and benefits of county probation (or other county department) employees who were directly involved in grant-related activities.

Services and Supplies includes expenditures for services and supplies necessary for the operation of the project (e.g., lease payments for vehicles and/or office space, office supplies) and/or services provided to participants and/or family members as part of the project's design (e.g., basic necessities such as food, clothing, transportation, and shelter/housing; and related costs).

Professional Services includes all services provided by individuals and agencies with whom the County contracts. The county is responsible for reimbursing every contracted individual/agency.

Community-Based Organizations (CBO) includes all expenditures for services received from CBO's. **NOTE:** *If you use JJCPA and/or YOBG funds to contract with a CBO, report that expenditure on this line item rather than on the Professional Services line item.*

Fixed Assets/Equipment includes items such as vehicles and equipment needed to implement and/or operate the program, placement, service, etc. (e.g., computer and other office equipment including furniture).

Administrative Overhead includes all costs associated with administration of the program, placement, service, strategy, and/or system enhancement being supported by JJCPA and/or YOBG funds.

Use the space below the budget detail to provide a narrative description for each program, placement, service, strategy, and/or system enhancement that was funded last year. *To do so, double click on the response box provided for this purpose.*

Repeat this process as many times as needed to fully account for all programs, placements, services, strategies, and systems enhancements that were funded with JJCPA and/or YOBG during the last fiscal year. Keep in mind that this full report will be posted on the BSCC website in accordance with state law.

And, as previously stated, we **strongly suggest you use Spell Check** before returning to the BSCC.

Provide a description of the program, placement, service, strategy or system enhancement that was funded with JJCPA and/or YOBG funds in the preceding fiscal year. For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

Substance Use Programming includes programs tailored to both male youth and female youth. Programs are based on the Therapeutic Community model for substance use treatment programs with the addition of the Aggression Replacement Training cognitive-behavior program specific to addressing criminal recidivism. Youth in the program receive individual therapy focusing on the treatment of co-occurring disorders and cognitive-behavioral therapy. Family therapy is provided based on an assessment of needs by the clinician. Research has shown that strategies that target criminal thinking and substance use reduces the likelihood of reoffending by individuals assessed to be at high risk to recidivate.

Services provided within the Substance Use Programs include:

- Comprehensive and intensive substance use assessment and treatment services, drug counseling by clinical psychologists, and alcohol and drug use services counselors.
- Integrated case assessment and planning involving unit staff, education staff and collateral resources.
- Multidisciplinary education lab that provides computerized diagnostic evaluation of reading, language arts, and math competencies.
- Occupational training and job placement services.
- Assessment of academic skills and development of an individualized plan to address skill deficits by a school counselor.
- Gender-specific programming that includes individualized and group counseling services and women's issues discussion groups.
- Expanded use of the Just Beginnings parenting education curriculum.
- Mentoring and counseling support services during post-release.
- Centralized oversight of the program by a unit coordinator.
- Monthly case conferences with the youth and treatment team to discuss youth's progress in the program and transition plan for release back into the community.
- Regular monitoring of youthful offenders' success utilizing incentives as included in the Probation Juvenile Incentives program approved by the Board of Supervisors.
- Collaboration between county partners, such as HCA, Probation Department, and community partners (Department of Education/Safe Schools, North Regional Occupational Program, and the Orange County Bar Foundation).

Provide a description of the program, placement, service, strategy or system enhancement that was funded with JJCPA and/or YOBG funds in the preceding fiscal year. For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

Juvenile Recovery Court (JRC) is based on a model where an interactive judicial officer leads an interdisciplinary team, including the District Attorney, Public Defender, Probation, HCA clinicians, and parents to address a youth's substance use issues. The model has been shown effective nationally. The research conducted by the Probation Department has shown reduced recidivism and substance use.

JRC is a collaborative program for youthful offenders demonstrating an escalating pattern of drug and alcohol use. JRC provides intensive supervision and treatment for substance use to these youth as an alternative to incarceration. There are five (5) program phases, including an initial 30-day orientation period. The primary JRC goals are to increase sobriety and reduce recidivism while reducing the reliance on incarceration. Participants can complete the program in a minimum of six (6) months. When a youth graduates, all charges and stayed time are dismissed and wardship is terminated.

- Services provided within JRC include:
- Participation in weekly individual and group therapy sessions.
 - Attendance at weekly self-help meetings.
 - Weekly reporting to the probation officer for progress checks and drug testing.
 - Regular attendance in school with no behavior problems reported.
 - Compliance with all court-ordered terms and conditions and regularly scheduled weekly, bi-monthly, or monthly court appearances for progress reviews.
 - Regular monitoring of youthful offenders' success utilizing incentives as included in the Probation Juvenile Incentives program approved by the Orange County Board of Supervisors.
 - Collaboration between county partners, such as District Attorney, Health Care Agency, Juvenile Court, Public Defender, Probation Department, and community partners (Parent Empowerment Program).

Program Successes: (Provided by HCA)

A recent JRC youth was struggling with addiction to methamphetamines when she was referred to JRC. Her use started at the age of 12 with alcohol, and by 14 she began using cocaine, meth, LSD, NOS, and Ecstasy. At 15, one of her parents died, and so her drug use rapidly progressed. Due to her loss and daily drug use, she was failing all her classes. She was found to be in possession of a weapon and drugs on school campus and placed on probation. When she began talking about wanting to harm herself her probation officer talked to her about JRC. Initially in the program, she struggled with her sobriety and had several setbacks along the way with positive drug tests. The JRC team ensured she had a safe place to share her struggles and she did just that. Her honesty allowed the team to support her and address her needs. After about 1 1/2 years in the program, she became pregnant. The realization that she would be a mother frightened her. She relied heavily on the team for support and guidance during this time. She was able to maintain her sobriety in her pregnancy and gave birth to a healthy drug free baby. She completed the program after 28 months of JRC programming. She has since improved relationships with family, graduated from High School, and has taken to her role as mother being stable and sober.

Provide a description of the program, placement, service, strategy or system enhancement that was funded with JJCPA and/or YOBG funds in the preceding fiscal year. For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

The Decentralized Intake Program (DCI) is modeled after diversion programs, which attempt to minimize the effects of labeling, associated with offending and limit the opportunities youth have to associate with antisocial peers by reducing their contact and exposure to the juvenile justice system. Evidence-based principles of the Risk/Needs/Responsivity model support minimizing intervention by the juvenile justice system for lower risk offenders.

DCI increases the level of counseling and diversion services for at-risk youth in the unincorporated areas and cities serviced by the Sheriff's Department. DCI staff offers timely assessment and a progression of intervention services to youth and their families near their homes. The primary goal of DCI is to reduce the number of at-risk youth that progress further in the juvenile justice system through prompt assessment and linkage to appropriate services at the earliest possible point.

Services provided within DCI include:

- Expedited processing of youth arrested and referred to needed resources.
- Referral of DCI youth and their families to local resources, programs, and classes for appropriate intervention services when possible.
- Informal consultations among the on-site operations staff for purposes of making more informed decisions about certain cases.
- Collaboration between county partners, such as Sheriff's Department, Probation Department, and community partners (Pepperdine Resource, Youth Diversion and Education (PRYDE)).

For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

The Truancy Response Program (TRP) focuses on family education, support, and resource referrals to reduce truancy. Parent education and support programs have been shown to have a statistically significant impact on recidivism. Truancy has also been shown to be a stepping-stone to substance use and criminal behavior. By providing families with supportive services aimed at reducing truancy, criminal behavior is reduced.

TRP is a cooperative effort to address the problem of chronic truancy in Orange County schools. TRP focuses on chronically truant youth and their families in a Three Tier Approach who have failed to respond to the traditional efforts at the school district level "SARB". A primary goal of TRP is to reduce school trancies and absences in order to increase the chance of youths' future success. The program prioritizes youth at risk for delinquency and aims to reduce the number of youths who go on to commit a crime resulting in a formal 602 application. TRP provides progression of interventions up to and including formal court action.

Services provided within TRP include three (3) tiers:

First Tier SARB:

- Mandatory attendance of truant youth and their parents at school-based group parent meetings conducted by the District Attorney.
- District Attorney to attend SARB meetings based on availability and invitation by individual district "SARB".
- Community Partners attend SARB based on availability and invitation by individual district "SARB".
- Referrals for services, such as counseling, parenting skills, and basic housing and shelter needs are provided by collaborating agencies and individual district "SARB".

Second Tier CBO informal intake and diversion:

- Referral to CBO from SARB for a TRP intake evaluation for informal handling.
- Placement in one of several "pre-court" TRP interventions monitored by CBO.

Third Tier Formal Filing:

- Referral by SARB "School Districts" to DA for potential filing.
- Court-ordered placement of the youth on 725 W&I and/or prosecution of the parents. If terminated unsuccessfully, may result in 602 W&I.
- Court-ordered participation of both youth and parents in a Parent Empowerment Program workshop designed to coach parents in effective discipline methods for their children.
- Referrals for services, such as counseling, parenting skills, and basic housing and shelter needs are provided for truancy court families by collaborating agencies.
- Regular monitoring of youthful offenders' success utilizing incentives as included in the Incentives program

For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

The School Mobile Assessment and Response Team (SMART) is an intervention and prevention program focused on involvement with families and youth to prevent school based violence and delinquency. The use of a threat assessment tool assists in determining the appropriate level of intervention needed. Family support, resource referrals, and diversion have all been shown to be effective in reducing delinquent behaviors.

SMART was established to reduce crime and violence by youth on, near, or affecting school campuses. SMART works in conjunction with various collaborative partners and agencies on incidents related to violence, threats, possession and/or use of weapons, unstable behaviors and suicidal actions or tendencies. SMART members respond day or night to calls from school and community personnel reporting violence or threats of violence. Each call for service results in an assessment of the situation, a threat assessment as needed (including home searches for weapons) and referrals to law enforcement, diversion programs, or other alternative services. The SMART goal is to prevent and/or detect the precursors to violence through education and awareness, preempting likely instances of violence through threat assessment, and responding quickly and effectively to violence on or around school campuses.

- Services provided within SMART include:
- Conduct threat assessments at the school and/or community site.
 - Refer at-risk youth to appropriate community resources for assessment and intervention services.
 - Investigate criminal acts and make arrests if necessary or recommend to a diversion program.
 - Maintain safety and security to the school and return staff and students to their daily routine.

For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

The North School Mobile Assessment and Response Team (NSMART) is an early intervention and prevention program focused on involvement with families and youth to prevent school based violence and delinquency. The use of a threat assessment tool assists in determining the appropriate level of intervention needed. Family support, resource referrals, and diversion have all been shown to be effective in reducing delinquent behaviors.

NSMART is established to reduce crime and violence by youth on, near, or affecting school campuses in the Central and Northern areas of Orange County. NSMART works in conjunction with Orange County Municipal Police Departments, various collaborative partners, and agencies on incidents related to violence, threats, possession and/or use of weapons, unstable behaviors and suicidal actions or tendencies. NSMART members respond day or night to calls from school and community personnel reporting violence or threats of violence. Each call for service results in an assessment of the situation, a threat assessment as needed (including home searches for weapons) and referrals to law enforcement, diversion programs, or other alternative services. The NSMART goal is to prevent and/or detect the precursors to violence through education and awareness, preempting likely instances of violence through threat assessment, and responding quickly and effectively to violence on or around school campuses.

- Services provided within NSMART include:
- Conduct threat assessments at school and/or community site.
 - Refer at-risk youth to appropriate community resources for assessment and intervention services.
 - Investigate criminal acts and make arrests if necessary or recommend to a diversion program.
 - Maintain safety and security to the school and return staff and students to their daily routine.
 - Work with the dedicated Orange County Deputy District Attorney as a member of NSMART who will serve as a specifically trained deputy district attorney for handling threats of targeted violence on school grounds.

For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

The Youth Reporting Centers (YRCs) are day reporting centers that include a multidisciplinary team. The OC Department of Education provides school instruction and HCA clinicians provide individual and group therapy for youth. Probation Department utilizes best practices, cognitive-behavioral interventions and programming, including Effective Practices in Community Supervision (EPICS) and Decision Points to impact behavioral change in the youth. Probation Officers refer youth in violation of their terms and conditions of probation to the YRC in lieu of filing for formal violation. This diverts youth from formal court handling as well as provides them with programming and services that target criminogenic risk factors.

The YRCs mission and goal is to reduce the use of secure detention by providing a highly structured community-based alternative confinement program. The staff at the YRC strive to promote lawful and productive lifestyles of its students by providing proven intervention and programming.

The YRCs operate within the local community to provide the youth population with the opportunity to modify poor behavior and learn the skills needed to comply with their court orders and terms of probation. The youth attend a full academic program and participate in afternoon group counseling, individual counseling, and random drug testing with an emphasis on obtaining and maintaining sobriety. On-site job coaches assist youth in seeking, obtaining, and maintaining employment as well as vocational training access. The YRCs also provide an alternative to the traditional incarceration model. Youth receive support services during the day and return home on alternative monitoring versus confinement in a juvenile facility.

- Services provided within the YRCs include:
- On-site school.
 - Drug and alcohol use assessment and counseling.
 - Mental health assessment and treatment.
 - Cognitive behavioral intervention programs.
 - Family services and parenting education.
 - Gang intervention counseling.
 - Community service and enrichment activities.
 - Meals.
 - Transportation to and from home to the site.
 - Close supervision on the site and supervision in the community.
 - Alternative monitoring (such as electronic monitoring) of youth in the community.
 - Accountability Commitment program.
 - Regular monitoring of youthful offenders' success utilizing incentives as included in the Probation Juvenile Incentives program approved by the Board of Supervisors.
 - Collaboration between county partners, such as OC Department of Education, HCA, and Probation Department.

Program Successes: (Provided by HCA)

A 15-year-old female was referred to the Youth Reporting Center (YRC) for violating probation terms, including: aggravated assault, substance use and associating with unsafe individuals. Youth immediately engaged in services. Therapist and Peer Specialist discussed with youth immediate needs to reduce impairments (e.g. easily agitated, substance use, low motivation). While attending YRC, youth attended and opted to enroll in Sunburst Academy, an alternative school that focuses on providing military structure to develop self-confidence and integrity. Youth used this as motivation to open up in treatment, focus on building confidence, and generate more self-awareness of cognitive distortions. Collaborative efforts with Probation and Department of Education were made to ensure a smooth transition for youth to this new opportunity.

The ARRIVE program is a collaborative program consisting of county agencies (e.g., Probation Department, HCA) and contracted community partners that offers individualized/group support to probation youth and their families that exhibit an increase in probation violation type of behavior (e.g., drug use, truancy, criminal behavior). The primary focus of the ARRIVE program is to immediately address any deleterious behavior, stabilize the family unit, and prepare the youth and his/her family for life beyond probation supervision.

- Mandatory requirements for youth in the ARRIVE program include:
- Participation in bi-weekly multi-system meetings with youth partner, individual mental health care worker, and Probation to review progress towards case plan goals.
 - Attendance in weekly meetings with mental health care worker.
 - Regular reporting to probation officer for progress checks.
 - Regular attendance in pro-social activities (e.g., community service projects, regular school attendance).
 - Regular monitoring of youthful offenders' success utilizing incentives as included in the Probation Juvenile Incentives program approved by the Board of Supervisors.

Juvenile Facilities Programming provides institutional and camp programming at the Juvenile Hall facility and Camp facilities. Each facility provides similar evidence-based cognitive-behavioral treatment programs. Youth participate in a tiered phase level system of various programs. Programs provide continuum of response for the in-custody treatment of youth. Camps target youth based on age, gender, criminogenic risk factors and/or commitment length. Specific programs within the facilities target youth who require a higher level of need for transition and reentry services. Programs include, but are not limited to, sex offender therapy and counseling, pre-camp readiness, gang intervention, Progressive Rehabilitation in a Dynamic Environment (PRIDE), and Leadership Education through Active Development (LEAD).

- Services provided within Juvenile Facilities Programming include:
- Cognitive behavioral treatment programs to assist in-custody youth with their rehabilitation.
 - Aggression preplacement training.
 - Decision Points and Effective Practices in Community Supervision (EPICS).
 - Just Beginnings parenting program and baby visits sponsored by the Youth Law Center (available to all eligible youth).
 - Individual and group counseling.
 - Therapy provided by a licensed clinician.
 - Drug/Alcohol & Mental Health counseling.
 - Educational & Vocation services to address each youth's social and behavioral needs.
 - Assistance for college enrollment, employment and family reunification.

For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

The Pre-Detention and Pre-Disposition Program provides a continuum of strategies to reduce the use of incarceration while providing for electronic monitoring and supervision of youth at home while awaiting adjudication of their cases. Using a validated risk assessment instrument to determine which youth can be safely released home under this program protects the community and allows secure detention beds to be used only for high-risk offenders. All participants in the program are supervised utilizing electronic monitoring equipment. This allows pre-adjudicated wards to be served in a community-based setting rather than being detained with youth assessed to be high-risk offenders. Youth are held accountable to the rules of the program and expected to attend school according to their school's schedule as well as comply with all counseling orders from the court.

- Services provided within the Pre-Detention and Pre-Disposition Program include:
- Supporting youth in the community and in their homes.
 - Face-to-face contact between officers and youth assigned to their caseloads.
 - Risk assessment tools used to screen youth for eligibility in the program.
 - Effective Practices in Community Supervisions (EPICS).
 - Electronic Monitoring, which includes 24/7 GPS and radio frequency monitoring for select youthful offenders as a deterrent and enhancement tool in community supervision.
 - Regular monitoring of youthful offenders' success utilizing incentives as included in the Probation Juvenile Incentives program approved by the Board of Supervisors.
