Orange County Public Defender's Office
Martin Schwarz, Public Defender

The Public Defender's Office continues to assist in the reduction of recidivism by identifying and removing re-entry barriers within our Realignment client population. The Public Defender's Office Recidivism Reduction Unit (RRU) consists of attorneys, resource paralegals, Recidivism Reduction Advisors (RRA), and support staff. The RRU team is dedicated to creating improved opportunities for housing, education, employment, and mental health and substance abuse treatment services in order to assist our realignment population in acclimating back into society upon their release from custody.

With respect to our AB 109 population specifically, the overall number of Post-release Community Supervision (PCS), Mandatory Supervision (MS), parole cases, and contested hearings continues to fluctuate.

During this second quarter of 2023, the Public Defender's Office handled the following AB 109 matters:

PCS Cases Opened	MS Cases Opened	Parole Cases Opened	Total Court Appearances (includes PCS, MS and Parole)	Contested Hearings
490	95	100	1174	19

Recidivism Reduction Unit

The Public Defender's Recidivism Reduction Unit works closely with our AB 109 clients in order to determine their individual needs and to identify individual barriers to re-entry. Our RRAs have continued to meet with in-custody clients for the purpose of conducting comprehensive life interviews that help identify any obstacles in finding housing, employment, and mental health and substance use disorder (SUD) services. RRAs then collaborate with other County agencies, including the Probation Department, Health Care Agency, and the Orange County Sheriff's Department, to improve the delivery of necessary services.

For our in-custody AB 109 clients who suffer from SUDs, our RRAs conduct assessments using the ASAM tool to determine the client's necessary level of treatment. RRAs then work with Health Care Agency to secure appropriate treatment options. Our RRAs also access the State Automated Welfare System and CalWIN to determine if clients receive any benefits, such as Medi-Cal, CalWORKs, CalFresh, or general relief. For our in-custody SUD clients who do not actively receive Medi-Cal, and for those who are in need of a CalOptima-funded-bed, our RRAs refer them to our community partner, Project Kinship. Project Kinship then meets with the client, while they are still in-custody, and assists the client in applying for Medi-Cal prior to their release.

For our in-custody AB 109 clients who suffer from mental illness, our RRAs link them directly with Correctional Health Service's (CHS) Jail to Community Re-entry Program (JCRP). Our clients are then assessed by correctional mental health staff and are provided access and linkage to behavioral health and supportive services. This is just another example of how the RRU works with community partners and other agencies to resolve re-entry obstacles, decrease recidivism, and increase community safety.

Orange County Public Defender's Office
Martin Schwarz, Public Defender

Our RRAs also assist our AB 109 clients with transportation, transitional housing, SSA benefits, Medication-Assisted Treatment (MAT), and locating inpatient and outpatient SUD programs. Our clients' needs are unique and varied. Because of this, our RRAs work alongside our resource paralegals and support staff to provide a variety of resources. At times, our RRU team assists our clients at a very basic level, providing food and clothing. Often our clients have more complicated needs, which require additional assistance. This assistance can include:

- Obtaining vital records such as identification, driver's licenses, and birth certificates.
- Helping clients enroll in programs for family reunification services.
- Acquiring immigration documents to help clients obtain citizenship.
- Helping clients obtain government assistance, including General Relief benefits, food stamps, and Medi-Cal.
- Assisting clients with receiving mental health services.
- Helping clients receive veteran benefits and assistance.
- Helping client locate educational opportunities, professional licensing or vocational schools.

In addition, the RRU's New Leaf program assists clients with legal barriers, in order to increase opportunities in employment, professional licensing, and consumer credit. Our attorneys and paralegals collaborate with community organizations and community supervision to provide on-site legal advice on how to take advantage of motions and petitions offered within our New Leaf Program and to provide participants with the resources listed above. Our attorneys and paralegals provide weekly on-site assistance at Project Kinship, and our paralegals provide assistance three times a month at different parole and probation day reporting centers within the county. During this quarter, our office's collaboration with Orange County Sheriff's inmate services and correctional programming has resumed. Our attorneys and paralegals regularly meet with inmates housed in the Transitional Age Youth (TAY) and HUMV units as well as inmates participating in the "All In" program. Our attorneys and paralegals provide advice and guidance related to navigating the criminal justice system, successfully completing post-incarceration supervision, employment skills such as interviewing skills and resume building, child support, and our New Leaf Program resources.

During this quarter, our RRU team has actively filed the following motions and petitions:

- Penal Code 1203.4 motions requesting felony and misdemeanor convictions be set aside and dismissed from the client's record.
- Petitions for Certification of Rehabilitation requesting a full pardon from the Governor.
- Petitions to dismiss and seal convictions related to loitering with the intent to commit prostitution, pursuant to Senate Bill 357
- Petitions to terminate sex offender registration, pursuant to Senate Bill 384

Orange County Public Defender's Office
Martin Schwarz, Public Defender

These motions and petitions are of significant benefit to our clients as they eliminate or reduce obstructions to employment opportunities.

In the 2nd quarter of 2023, our RRU team has handled the following contacts:

Client Contacts	Program and Service Referrals	Obtaining Vital Records	Motions/Petitions Filed
5356	194	368	3038

The RRU is also committed to assisting clients successfully reenter the community by teaching life skills education to assist clients in meeting the needs and demands of present society. Our attorneys provide weekly life skills education within the custodial setting to a selected group of individuals, prior to their release from custody. These individuals learn to develop social, emotional, and thinking skills to help them adjust and succeed upon their reentry into the community. With the assistance of the Public Defender's RRU team, Realignment clients continue to make significant progress towards creating stability by learning life skills, obtaining employment, locating housing, and receiving treatment for substance use disorders and mental health diagnosis, thereby reducing recidivism and increasing public safety.

Total Population Analysis

In the 2nd quarter of 2023, the Orange County District Attorney's Office (OCDA) handled a total of 565 petitions for a violation of AB 109 supervision. **The Orange County District Attorney's Office (OCDA) is working with the California Department of Corrections and Rehabilitation (CDCR) to acquire data. The data would enable the OCDA to report local recidivism measures comparable to the other types of AB109 supervision. Currently the CDCR has only released recidivism measures for Orange County offenders for fiscal year 2017-2018 and earlier. On the next page is a graph that shows the past three years of available recidivism measures for Orange County using CDCR data.*

HCA AB 109 screeners continue to be available on site at the Santa Ana Probation Office to screen, assess, facilitate linkage, and coordinate services with probation officers and service providers. Currently, HCA has 3 AB 109 screeners and 1 remaining vacant position.

During this quarter, HCA AB109 team received 233 AB 109 referrals from Probation, completed 128 assessments and made 139 service referrals. Of the service referrals made, 19% were for residential substance use disorder (SUD) treatment, 50% for outpatient SUD treatment, 6% for clinically managed withdrawal management, 4% for recovery residences, 4% for outpatient mental health and bridge psychiatric services, 11% for narcotic treatment program, and 6% for Full-Service Partnership services. During this quarter, there were 69 service admissions. HCA AB 109 team continues to work closely with probation officers to engage AB 109 clients in services and re-refer as needed.

HCA MHRS system navigators continue to work closely with Correctional Health Services to provide in reach, transportation, and linkage upon release. During this quarter, 12 individuals with serious mental illness successfully enrolled at the Open Access North program upon release and 4 individuals on medication-assisted treatment enrolled at the Santa Ana Substance Use Disorder (SUD) clinic.

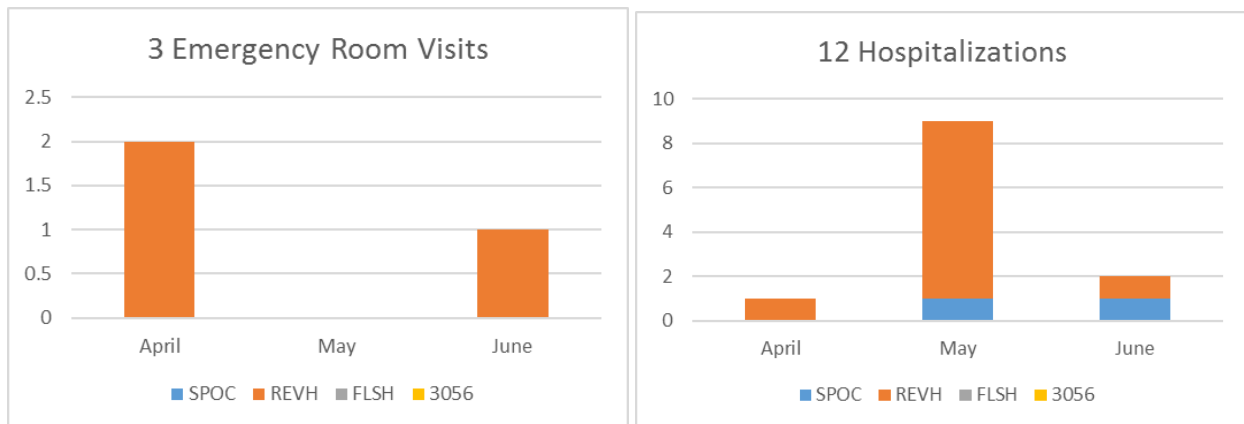

HCA Residential Treatment Services began to accept enrollment for short term recovery residence beds for clients leaving withdrawal management who are waitlisted for a residential treatment bed. Negotiations are underway with a few new service providers to increase residential treatment services and withdrawal management services in the county.

Correctional Health Services

Vivitrol Administration, Emergency Room, and Hospitalizations

Correctional Health Services' staff administered zero (0) Vivitrol in the 2nd quarter of 2023. This is a decrease from two (2) the previous quarter. A total of fifteen (15) AB 109 inmates were either hospitalized or treated in the Emergency Department. This was an increase from eight (8) the previous quarter.

Specialty Clinics

All primary care physician services are provided within the jail; however, when an AB 109 inmate needs specialty services, they are transported to specialty medical clinics off-site (such as, Cardiology, Nephrology, Oncology, OB, Surgery, etc.). There are currently 30 specialty clinic services available with 27 clinic visits completed during the 2nd quarter of 2023 for AB 109 inmates specifically. This equates to approximately 5% of the total specialty clinic services for this quarter.

In-custody Correctional Health Services triages and screens every AB 109 inmate in the jail to determine their medical and mental health needs and subsequent treatment and medication plan. The volume of patients is reflected in the Sheriff's section of this report, as all in-custody inmates on the Sheriff's census are also managed by in-custody healthcare staff.

Since the inception of AB 109 through June 30, 2023, OC Probation has supervised 11,445 former state prisoners.

As of June 30, 2023, 880 individuals were on PCS active supervision.

PCS individuals without custodial sanctions are mandatorily discharged after one year. During the second quarter of 2023, 20 individuals were released on one-year mandatory terminations.
