Public Safety Realignment in Orange County

AB 109 Quarterly Report

January to March 2025

Prepared by:

Orange County Community Corrections Partnership

VISION STATEMENT

"Enhancing the quality of life of Orange County residents by promoting public safety, reducing recidivism and creating safer communities."

MISSION STATEMENT

The **Mission** of the Orange County Community Corrections Partnership is to enhance public safety by holding individuals accountable, facilitating successful reentry into the community, reducing recidivism, and improving outcomes for individuals by utilizing evidenced based and best practices and programs that support victims and community restoration in partnership with community-based organizations.

The Community Corrections System of Care has been a primary focus of the County of Orange's OC CARES initiative to enhance and transform the justice system through prevention and intervention. In 2019, the Board of Supervisors adopted the OC CARES 2025 Vision, which linked the justice systems and county's various systems of care to provide justice-impacted and at-risk individuals, regardless of probationary status, with the support and services designed to promote self-determination and reduce their involvement in the justice system and facilitate successful reentry.

As the County and stakeholders worked through the analysis of the Community Corrections System of Care, a significant gap was identified with the lack of integrated and coordinated reentry services. This led to capacity issues preventing individuals from being placed in programs, referrals made with limited follow up. To address this issue and initiate the integration and collaborations across departments, the County Executive Office took ownership of the Reentry portion of the 2025 Vision and outlined the essential elements for regional, central, mobile and workforce-focused reentry services providing accessible and supportive services to justice-involved individuals to assist with a positive transition into the community.

All related projects have been included in the strategic planning process and funding set aside when possible. 2011 Public Safety Realignment funding is critical to ensure the ongoing success of these programs and facilities. The following highlights the projects and enhancements made or are in progress that are funded or partially funded by 2011 Public Safety Realignment.

Public Relations Campaign (in progress)

Understanding the need for targeted communication campaigns, a public relations firm has been contracted and has established a front-facing website with specific areas centered around individuals looking for assistance and services; their family and support network; and the Orange County communities. Marketing assets are currently in progress that will be used to promote the services and facilities aimed at engaging and showing our clients a future outside of the justice system and for the residents inform them what the County is doing and where. Additional communications will be specific as the Coordinated and Workforce Reentry Centers progress. Targeted videos are also planned as are community engagement campaigns.

Status: This has been an ongoing effort and is being timed with the implementation of the various reentry projects.

Data Analytics (implemented)

The investments being made to enhance the Community Corrections System of Care are significant and it is essential that data be gathered and analyzed to support the success or additional investments. These are new programs for the County and the decisions must be data driven and take into consideration the various Systems of Care supported by the County. In FY 2023-24, the Board of Supervisors established a Countywide Data Analytics Unit within the County Executive Office. This team of analytical professionals are currently conducting a study on recidivism for the County and analyzing the OC CARES initiative to develop dashboards and key performance indicators to measure projects going forward.

Coordinated Reentry Center (in progress)

Centrally located in Orange, Probation's Youth Guidance Center is being transformed into the County's first Coordinated Reentry Center. This facility is being completed in phases with phase one providing a dedicated 24-7 facility where anyone released will have a place to go. Individuals seeking to receive or continue reentry services will be connected to the Workforce Reentry Center and likely transported directly upon release from incarceration. The individuals will enter through a reception area where they will be welcomed and linked to a care/case manager who will assess and begin to address their needs. Temporary housing will be provided for males and females and the facility will include space for programs, family reunification, counseling, and any other needs determined necessary to remove obstacles for successful reentry.

Status: Construction is anticipated to kick off by June 2025 with Estimated completion is 2026.

Reentry Success Centers (in progress)

To address barriers or limitations to access needed reentry services or support, the service delivery model adopted focuses on a regional approach that would bring the services and support to where the people are. In March 2024, a regional reentry success center was established in Laguna Hills (Verdugo) adjacent to an existing Probation Field Office and operated by Project Kinship. The Verdugo Office is a collaboration that includes Public Defender and Social Services staff on site and as needed, community providers, such as Working Wardrobes, to best meet the clients' needs at the point of time they are being served.

A second Reentry Success Center is in progress at the Manchester Office Building (MOB) across from the Juvenile Hall Complex. The MOB Reentry Success Center will also be operated by Project Kinship and address the services and support for the juvenile and TAY population and will include dedicated and flexible training space, breakout rooms, and offer tattoo removal services.

Status: Construction at the MOB Office is anticipated to be completed in late May or early June 2025 and will begin serving clients as early as July 2025.

Mobile Reentry Services (implemented)

A significant and innovative effort was made by Probation to utilize dedicated multi-resource vehicles and vans to go in the communities to offer services, support and information to their clients and other justice-involved individuals, their families and their support systems. This not only will reduce barriers to accessing services or programs but will give Probation a positive presence in the community and at any large County or community event. Probation is also working with the Courts to allow

for mobile access and required check ins to increase compliance and demonstrate their commitment to their clients to promote self-determination and facilitate successful reentry.

Status: The Mobile Reentry program is in the process of being deployed on a regular basis.

Workforce Reentry Center (in progress)

A Workforce Reentry Center (WRC) is in the final planning stages to be established at the former site of the County's Animal Care Center. The WRC will include a training lab, retail operations, job placement services and housing. The program will have eligibility requirements and link to in-custody training. Temporary housing on-site will be provided for participants and will include support services. To ensure success of the program, dedicated space was allocated at the MOB Reentry Success Center to begin the Workforce Reentry program for the County, which will be operated by OC H.I.R.E.

Status: Final security issues are being incorporated into the plan with demolition estimated to be completed by the end of May 2025. The facility is estimated to be completed in 2027.

Community Based Organizations (ongoing)

In addition to the above-named projects, quarterly meetings are held between the County and organizations providing services and programs for the same population. As the County has continued to try to increase capacity, organizations that have one-time needs that would allow them to expand and serve more or provide additional or enhanced services may request one-time funding. Requests are reviewed by a group consisting of a member for the stakeholder departments and overseen by the County Executive Office.

The table below summarizes the awards made to date and how they were utilized.

	FY 2023-24	FY 2024-25
Allocation	\$500,000	\$500,000*
Carryover Funds	--	208,700
Total Amount Available	\$500,000	\$708,700
Amount Awarded	291,300	265,081
Balance Remaining	\$208,700	\$443,619

*Amount available for FY 2024-25 may be decreased based on actual allocation received.

For FY 2024-25, awards have been provided for the following:

- Equine-assisted therapy for justice-involved military and their families (\$100K)
- Start-up costs for case management program for justice-involved veterans with PTSD, TBI, substance use, or those needing help navigating support systems (\$87K)
- Purchase of 50 energy efficient refrigerators for sober living homes (\$28K)
- Equipment and minor renovations for fitness program for justice-involved individuals (\$50K)

Total number of PC 1170(h) offenders (non-violent, non-serious, non-sex offenders) sentenced to the Orange County Jails as a new commitment. Includes both straight and split sentences.

Total number of Post-Release Community Supervision offenders booked on a 1) PC 3454(c) flash incarceration; 2) PC 3455(a) – revoked for technical violation; and 3) for new charges.

Total number of state parole violators booked on a 1) PC3056(a) parole violation only; 2) received jail time as a result of a parole revocation hearing; and 3) any new offense(s) including 1170(h) charges.

Orange County Public Defender's Office
Martin Schwarz, Public Defender

The Public Defender's Office continues to assist in the reduction of recidivism by identifying and removing re-entry barriers within our Realignment client population. The Public Defender's Office Recidivism Reduction Unit (RRU) consists of attorneys, resource paralegals, Recidivism Reduction Advisors (RRA), and support staff. The RRU team is dedicated to creating improved opportunities for housing, education, employment, and mental health and substance abuse treatment services to assist our realignment population in acclimating back into society upon their release from custody. With respect to our AB109 population, our overall numbers of Post-release Community Supervision (PCS), Mandatory Supervision (MS), parole cases, and contested hearings remain consistent.

During this quarter, the Public Defender's Office handled the following AB109 matters:

PCS Cases Opened	MS Cases Opened	Parole Cases Opened	Total Court Appearances (includes PCS, MS and Parole)	Contested Hearings
554	531	111	1,204	8

Recidivism Reduction Unit

The Public Defender's RRU works closely with our AB109 clients to determine their individual needs and to identify their individual barriers to re-entry. Our RRAs have continued to meet with in-custody clients for the purpose of conducting comprehensive life interviews that help identify any obstacles in finding housing, employment, and mental health and substance use disorder (SUD) services. RRAs then collaborate with other county agencies including the Probation Department, Health Care Agency and the Orange County Sheriff's Department to improve the delivery of necessary services.

For our in-custody AB109 clients who suffer from SUDs, our RRAs conduct assessments using the ASAM tool to determine the client's necessary level of treatment. RRAs then work with Health Care Agency to secure appropriate treatment options. For our in-custody SUD clients who do not actively receive Medi-Cal, and for those who are in need of a CalOptima-funded-bed, our RRAs refer them to our community partner, Project Kinship. Project Kinship meets with the client, while they are in-custody, and assists the client in applying for Medi-Cal prior to their release. For out-of-custody clients in need of Medi-Cal assistance, we provide direct linkage and application assistance and guidance.

For our in-custody AB109 clients that suffer from mental illness, our RRAs link them directly with Correctional Health Service's Jail to Community Re-entry Program (JCRP). Our clients are assessed by correctional mental health staff and are provided access and linkage to behavioral health and supportive services. This is just another example of how the RRU works with community partners and other agencies to resolve re-entry obstacles, decrease recidivism, and increase community safety.

In addition, our RRAs assist our AB109 clients with transportation, transitional housing, SSA benefits, Medication-Assisted Treatment (MAT), and locating inpatient and outpatient SUD programs. Our clients' needs are unique and varied. Because of this, our RRAs work alongside our attorneys, resource paralegals, and support staff to provide a variety of resources. At times, our RRU team assists our clients at a very

Orange County Public Defender's Office
Martin Schwarz, Public Defender

basic level by providing food and clothing. Often our clients have more complicated needs, which require additional assistance. This assistance can include:

- Obtaining vital records such as identification, driver's licenses, and birth certificates
- Helping clients enroll in programs for family reunification services
- Acquiring immigration documents to help clients obtain citizenship
- Helping clients obtain government assistance, including General Relief benefits, food stamps, and Medi-Cal
- Assisting clients with receiving mental health services
- Helping clients receive veteran benefits and assistance
- Helping clients locate educational opportunities, professional licensing or vocational schools
- Connecting clients with SUD, mental health, and housing resources in neighboring cities

Within the RRU, our Clean Slate program assists clients with legal barriers to increase opportunities in employment, professional licensing, and consumer credit. Our attorneys and paralegals collaborate with community organizations and community supervision to provide on-site legal advice on how to take advantage of motions and petitions offered by our Clean Slate program and to provide participants with the resources listed above. Our attorneys and paralegals provide weekly on-site assistance at Project Kinship, and our paralegals provide assistance three times a month at different parole and probation day reporting centers within the county.

Recently, the Public Defender's Office was invited by the California Department of Corrections and Rehabilitation Division of Adult Parole Operations to participate at a reentry resourcing event at California State Prison, Chino. During this event, the male inmates were given the opportunity to interact with various service providers including employment, transitional housing, mental health services and other community reentry services. Our RRA's provided reentry information, which included how to secure housing, obtain vital records and work documents, treatment opportunities, and educational and occupational resources available to them upon their release to Orange County.

Our office continues to partner with the county to provide on-site legal assistance and reentry services at *Verdugo*, which is the county's first reentry center. At *Verdugo*, clients are provided information regarding their supervision obligations as well as resources to assist them in complying with court ordered commitments and reintegrating into the community, all of which is aimed at reducing recidivism.

Additionally, our office's collaboration with the Orange County Sheriff's inmate services and correctional programming continues. Our attorneys and paralegals regularly meet with inmates housed in the Transitional Age Youth (TAY) and HUMV units, as well as inmates participating in the "All In" program. Our attorneys and paralegals provide advice and guidance related to navigating the criminal justice

Orange County Public Defender's Office
Martin Schwarz, Public Defender

system, successfully completing post-incarceration supervision, employment skills, child support, and our Clean Slate Program resources.

The RRU is committed to aiding clients as they reenter into the community by helping clients meet the needs and demands of present society. As such, our paralegals provide weekly life skills education to a selected group of individuals, prior to their release from custody. Our paralegals facilitate Moral Reconciliation Therapy (MRT), which assists with developing social, emotional, and thinking skills to aid these individuals in adjusting and succeeding upon their reentry.

During this quarter, our RRU team has actively filed the following motions and petitions:

- Penal Code 1203.4 motions requesting felony and misdemeanor convictions be set aside and dismissed from the client's record
- Petitions for Certification of Rehabilitation requesting a full pardon from the Governor
- Petitions to dismiss and seal convictions related to loitering with the intent to commit prostitution, pursuant to Senate Bill 357
- Petitions to terminate sex offender registration, pursuant to Senate Bill 384
- Proposition 47 petitions, which allow certain felony convictions to be recalled and designated as misdemeanors

These motions and petitions are of significant benefit to our clients as they eliminate or reduce obstructions to employment opportunities.

Our RRU team has handled the following contacts:

Client Contacts	Program and Resource Referrals	Obtaining Vital Records	Motions/Petitions Filed
4,888	2,049	533	103

With the assistance of the Public Defender's RRU team, Realignment clients continue to make significant progress towards creating stability by learning life skills, obtaining employment, locating housing, and receiving treatment for substance use disorders and mental health diagnosis, thereby reducing recidivism and increasing public safety.

Total Population Analysis

In the 1st quarter of 2025, the OCDA handled a total of 266 petitions for a violation of AB109 supervision. The 266 petitions were for a total of 228 defendants. Of the 228 defendants, 173 (76%) were repeat offenders, having received at least one prior petition, 97 (42%) had at least five prior petitions, and 45 (20%) had more than 10 prior petitions.

Additionally, in the 1st quarter of 2025, the OCDA filed 1091 new criminal cases – felony 758 (70%), 333 misdemeanor (30%)- against a total of 922 defendants who are currently or previously on AB 109 supervision. Narcotic Possession (405), Theft (80), Weapons (38), and Burglary (34) charges were the most common new felony filings against an AB109 individual (208 cases).

Overall, PRCS defendants remained the largest population of violators, and they were most likely to commit new offenses.

The following pages of this report break down the statistics by form of supervision-Mandatory Supervision (MS), PCS, and parole.

	1st Quarter	YTD 2025	Projected 2025	Projected Change 2024 to 2025	2024	2023	2022

Behavioral Health Services

Referrals and Admissions

Probation Referrals & HCA Assessments

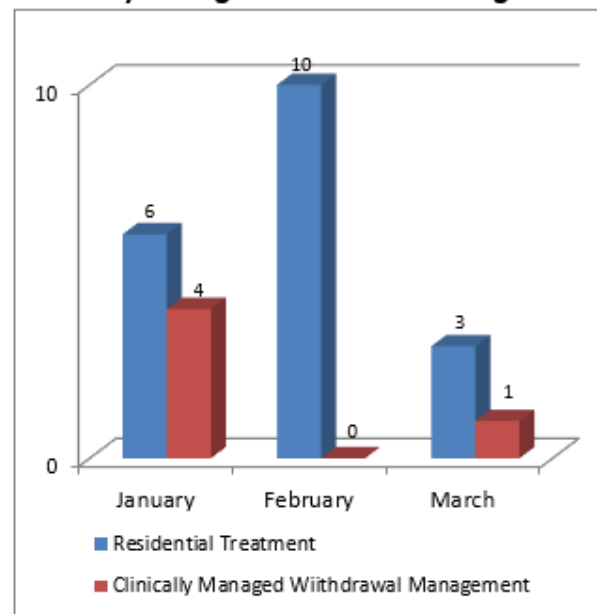

Admitted to Outpatient Treatment

Admitted to Recovery Residences

Admitted to Residential Treatment & Clinically Managed Withdrawal Management

Health Care Agency (HCA) AB 109 Referrals and Admissions from January through March 2025:

Services	Referrals	Admissions
Residential Treatment	6	19
Adult Outpatient Substance Use Disorder	63	36
Recovery Residence and Short Term Housing	2	*15
Clinical Managed withdrawal Management (Medical and Social Models)	9	5
Adult Outpatient Mental Health Treatment	8	4
Bridge Psychiatric Services	1	1
Narcotic Treatment Program (including MAT)	4	*6
Full-Service Partnership	1	4

*Note: The number of clients admitted to Residential treatment and Recovery Residence/Short Term Housing is higher than the number referred because of self -referrals and those that were later identified as AB109 after admission.

HCA Mental Health and Recovery Services:

Since May 2024, the Service Chief II (SC II) position was vacated. The Health Services Manager (HSM) provided direct supervision to staff and program coverage including overseeing the daily program operation while actively recruiting to fill the SC II vacancy. As of March 2025, the SCII position was finally filled and HCA AB109 is fully staffed.

Mental Health Specialist (MHS)/System Navigator:

We have one System Navigator during this reporting period. Due to CalAIM payment reforms, we have refocused the duties for our system navigator to billable services such as providing targeted case management services such as providing services to clients to access medical, social, education and other support services that the clinician identified through a comprehensive assessment. It is working alongside the clinicians for care coordination, ensuring they receive support to achieve their goals and improve their overall well-being. Some of these services are coordinating bridge medication, linkage to project kinship, Open Recovery Access for services, providing transportation services when appropriate to treatment facilities such as Telecare FSP, Opportunity Knocks etc.

Behavioral Health Clinicians:

During this quarter, we had four clinicians with one newly hired clinician that came to join our team from Western Youth Services. She is experienced in working with individuals that are justice involved and struggling with mental health and substance use. The newly hired clinician started her orientation and training since February 2025. The other clinicians continued to follow up with clients, receive new referrals, provide mental health and substance use services, and link clients to community resources as needed.

Services are available via in person during this quarter include but not limited to:

- Providing SUD and mental health screenings
- Conducting phone outreach
- Conducting intakes for SUD/MAT and mental health referrals
- Case Management, Bridge Medication, Medication Evaluation, SUD treatment and MH Therapeutic Interventions are provided with County Operated and County Contracted Providers.

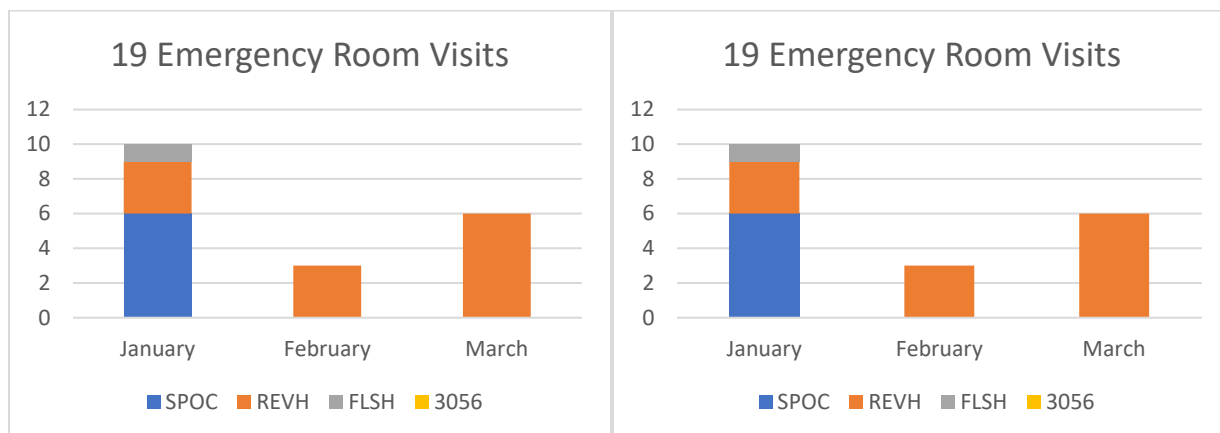

During this quarter, HCA AB109 team received 227 AB 109 referrals from Probation, completed 110 assessments and made 94 service referrals. Of the service referrals made, 6% were for residential substance use disorder (SUD) treatment, 67% for outpatient SUD treatment, 10% for clinically managed and social withdrawal management, 2% for recovery residences and short-term housing, 10% for outpatient mental health and bridge psychiatric services, 4% for narcotic treatment program, and 1% for Full-Service Partnership services. During this quarter, there were 90 service admissions. HCA AB109 team continues to work closely with probation officers to engage AB 109 clients and link them to services and a great effort has been made to fill gap services for AB109 clients returning to Orange County from prisons with probation and with CDCR.

HCA AB109 Staff are working actively engaging in cutting edge training and networking with community resources for linkage services in an effort to increase access points for clients. During this reporting period, more residential programs are contracted for services.

Correctional Health Services

Vivitrol Administration, Emergency Room, and Hospitalizations

Correctional Health Services' staff administered zero (0) Vivitrol in the first quarter of 2025. There was no change from the previous quarter. A total of thirty-two (32) AB 109 inmates were either hospitalized or treated in the Emergency Department. This was an increase of nineteen (19) from the previous quarter.

Specialty Clinics

All primary care physician services are provided within the jail; however, when an AB 109 inmate needs specialty services, they are transported to specialty medical clinics off-site (such as Cardiology, Nephrology, Oncology, OB, Surgery, etc.). There are currently over 30 specialty clinic services available with 44 clinic visits completed during the 1st quarter of 2025 for AB 109 inmates specifically. This equates to approximately 6.23% of the total specialty clinic services for this quarter.

In-custody Correctional Health Services triages and screens every AB 109 inmate in the jail to determine their medical and mental health needs and subsequent treatment and medication plan. The volume of patients is reflected in the Sheriff's section of this report, as all in-custody inmates on the Sheriff's census are also managed by in-custody healthcare staff.

Postrelease Community Supervision

Since the inception of AB109 through March 31, 2025, OC Probation has supervised 16,620 former state prisoners.

As of March 31, 2025, 933 individuals were on PCS active supervision.

PCS individuals without custodial sanctions are mandatorily discharged after one year. During the first quarter of 2025, 24 individuals were released on one-year mandatory terminations.

PCS Controlling Offense (All Felonies)	Person	Property	Drug	Weapons	Other
	14%	31%	29%	11%	15%

Mandatory Supervision

Individuals with MS Convictions from October 1, 2011 through March 31, 2025 = 4,948

Mandatory Supervision (MS) individuals are offenders sentenced under PC § 1170(h) who receive jail time followed by supervision. During the first quarter of 2025, 36 individuals were sentenced to MS. In addition, 8 individuals were sentenced but are still in Orange County Jails – once released, OC Probation will supervise them.

As of March 2025, 224 individuals are actively supervised while 444 individuals are on active warrant.
