August 12, 2014

Dear Sir/Madam:

The Budget Act of 2014 (Chapter 25, Statutes of 2014) allocates \$8 million to the Board of State and Community Corrections for the Community Recidivism Reduction Grant described in Penal Code section 1233.10 (Attachment I). Counties are eligible to receive funds if the Board of Supervisors, in collaboration with the county's Community Corrections Partnership, agrees to develop a competitive grant program intended to fund community recidivism and crime reduction services. In developing the grant program, the Board of Supervisors, in collaboration with the Community Corrections Partnership must establish minimum requirements, funding criteria, grant award limits, and procedures for the county to award grants. Please note, each county must notify the Board of State and Community Corrections of their interest in participating in this grant program. Upon approval by the Board of Supervisors, please send a letter to the BSCC, to the attention of Megan Barber-Brancamp, that confirms your county's interest in receiving the funding, and include the Board of Supervisors meeting minutes authorizing this action by September 30, 2014.

Grants must be awarded by the Board of Supervisors to a nongovernmental entity or a consortium or coalition of nongovernmental entities that provide community recidivism and crime reduction services to persons who have been released from state prison, a county jail, or a juvenile detention facility, who are under the supervision of a parole or probation department, or any other person at risk of becoming involved in criminal activities. Community recidivism and crime reduction services include, but are not limited to delinquency prevention, homelessness prevention, and reentry services.

Counties receiving funds are also required to collect and submit data to the Board of State and Community Corrections on grants awarded. Service providers that receive a grant are responsible for reporting to the county Board of Supervisors or the Community Corrections Partnerships on the number of individuals served and the types of services provided. The Board of Supervisors or the Community Corrections Partnerships must report any information received from grant recipients to the Board of State and Community Corrections on or before July 1, 2015 and each year until the final reporting date of July 1, 2018.

Each county's allocation is based on the population within the county as specified on Attachment II. In addition, pursuant to Penal Code section 1233.10, subdivision (e), the maximum amount that can be awarded to a service provider is based on the population of the county, and is also specified on Attachment II. Each county may use up to five percent of its allocation for administrative costs.

This funding is available for expenditure for four years and any unspent funds revert to the state. Funds not encumbered with a service provider one year after allocation of grant funds to the county will immediately revert to the state.

If you have any questions, please contact Megan Barber-Brancamp via email at megan.barber-brancamp@BSCC.ca.gov or by phone at (916) 445-9435.

Sincerely,

KATHLEEN T. HOWARD
Executive Director
Board of State and Community Corrections

Attachment I
California Penal Code Section 1233.10(a)

Upon agreement to accept funding from the Recidivism Reduction Fund, created in Section 1233.9, a county board of supervisors, in collaboration with the county's Community Corrections Partnership, shall develop, administer, and collect and submit data to the Board of State and Community Corrections regarding a competitive grant program intended to fund community recidivism and crime reduction services, including, but not limited to, delinquency prevention, homelessness prevention, and reentry services. The funding shall be allocated to counties by the State Controller's Office from Item 5227-101-3259 of Section 2.00 of the Budget Act of 2014-15 according to the following schedule:

Alameda	\$ 250,000

(b) For purposes of this section, "community recidivism and crime reduction service provider" means a nongovernmental entity or a consortium or coalition of nongovernmental entities, that provides community recidivism and crime reduction services, as described in paragraph (2) of subdivision (c), to persons who have been released from the state prison, a county jail, a juvenile detention facility, who are under the supervision of a parole or probation department, or any other person at risk of becoming involved in criminal activities.

(c) (1) A community recidivism and crime reduction service provider shall have a demonstrated history of providing services, as described in paragraph (2), to the target population during the five years immediately prior to the application for a grant awarded pursuant to this section.

(2) A community recidivism and crime reduction service provider shall provide services that are designed to enable persons to whom the services are provided to refrain from engaging in

crime, reconnect with their family members, and contribute to their communities. Community recidivism and crime reduction services may include all of the following:

- (A) Self-help groups.
- (B) Individual or group assistance with basic life skills.
- (C) Mentoring programs.
- (D) Academic and educational services, including, but not limited to, services to enable the recipient to earn his or her high school diploma.
- (E) Job training skills and employment.
- (F) Truancy prevention programs.
- (G) Literacy programs.
- (H) Any other service that advances community recidivism and crime reduction efforts, as identified by the county board of supervisors and the Community Corrections Partnership.
- (I) Individual or group assistance with referrals for any of the following:
 - (i) Mental and physical health assessments.
 - (ii) Counseling services.
 - (iii) Education and vocational programs.
 - (iv) Employment opportunities.
 - (v) Alcohol and drug treatment.
 - (vi) Health, wellness, fitness, and nutrition programs and services.
 - (vii) Personal finance and consumer skills programs and services.
 - (viii) Other personal growth and development programs to reduce recidivism.
 - (ix) Housing assistance.

(d) Pursuant to this section and upon agreement to accept funding from the Recidivism Reduction Fund, the board of supervisors, in collaboration with the county's Community Corrections Partnership, shall grant funds allocated to the county, as described in subdivision (a), to community recidivism and crime reduction service providers based on the needs of their community.

(e) (1) The amount awarded to each community recidivism and crime reduction service provider by a county shall be based on the population of the county, as projected by the Department of Finance, and shall not exceed the following:

- (A) One hundred thousand dollars (\$100,000) in a county with a population of over 4,000,000 people.
- (B) Fifty thousand dollars (\$50,000) in a county with a population of 700,000 or more people but less than 4,000,000 people.
- (C) Twenty five thousand dollars (\$25,000) in a county with a population of 400,000 or more people but less than 700,000 people.
- (D) Ten thousand dollars (\$10,000) in a county with a population of less than 400,000 people.

(2) The total amount of grants awarded to a single community recidivism and crime reduction service provider by all counties pursuant to this section shall not exceed one hundred thousand dollars (\$100,000).

(f) The board of supervisors, in collaboration with the county's Community Corrections Partnership, shall establish minimum requirements, funding criteria, and procedures for the counties to award grants consistent with the criteria established in this section.

(g) A community recidivism and crime reduction service provider that receives a grant under this section shall report to the county board of supervisors or the Community Corrections Partnership on the number of individuals served and the types of services provided, consistent

with paragraph (2) of subdivision (c). The board of supervisors or the Community Corrections Partnership shall report to the Board of State and Community Corrections any information received under this subdivision from grant recipients.

(h) Of the total amount granted to a county, up to 5 percent may be withheld by the board of supervisors or the Community Corrections Partnership for the payment of administrative costs.

(i) Any funds allocated to a county under this section shall be available for expenditure for a period of four years and any unexpended funds shall revert to the state General Fund at the end of the four-year period. Any funds not encumbered with a community recidivism and crime reduction service provider one year after allocation of grant funds to counties shall immediately revert to the state General Fund.

COUNTY OF ORANGE PUBLIC SAFETY REALIGNMENT SUMMIT

10/10/2014

Reentry and Recidivism in Orange County

This Summit is convening a cross section of local stakeholders to discuss the impact and challenges of Public Safety Realignment (AB109). This will be an exciting opportunity to share empirical data, identify best practices and model programs that enhance public safety in Orange County.

Public Safety Realignment Summit

REENTRY AND RECIDIVISM IN ORANGE COUNTY

The County of Orange Realignment Summit will present current evidence-based research and outcomes regarding reentry and recidivism in Orange County. The Summit is convening a cross section of local stakeholders, to provide information of the impact of Realignment and its challenges. This will be an exciting opportunity to share empirical data, identify best practices and model programs that enhance public safety.

GOALS

- Educate relevant stakeholders regarding Realignment and the impact of incarceration and recidivism in Orange County.
- Consider an 'action agenda' for collaborative partnerships to address the barriers faced by the incarcerated that have a desire to successfully reintegrate into local communities.

OBJECTIVES

- Inform community partners, who will explore relevant approaches and solutions.
- Establish profiles and processes that give ex-felons the best chance of re-entering communities without returning to jail.
- Develop positive working relationships between law enforcement and stakeholders, as it relates to Realignment.

VENUE

- The Orange County Community Corrections Partnership would like to thank the generous support of Concordia University Irvine, and their Center for Public Policy for hosting the Summit.

THE PUBLIC SAFETY REALIGNMENT ACT

In an effort to address overcrowding in California's prisons and assist in alleviating the state's financial crisis, the Public Safety Realignment Act (Realignment), pursuant to AB 109, was signed into law on April 4, 2011 and took effect October 1, 2011. Realignment made some of the largest and pivotal changes to the criminal justice system in California. Generally speaking, Realignment transferred the responsibility of supervision to the 58 counties for felons (excluding high risk sex offenders) released from prison whose commitment offenses are statutorily defined as non-serious and non-violent. Offenders convicted after October 1, 2011 who have no current or prior statutorily defined serious, violent, or sex-offending convictions are to serve time locally (regardless of length of sentence) with the possibility of community supervision in place of time spent in custody.

Realignment established the Postrelease Community Supervision classification of supervision, altered the parole revocation process with more responsibility in local jurisdictions, gave local law enforcement the freedom to manage offenders in a more cost-effective manner and charged the Community Corrections Partnerships (CCPs) with planning and implementing Realignment in their community as of October 1, 2011. Effective July 1, 2013, parole violations are housed, prosecuted and tried locally. This legislation created an unprecedented opportunity for all 58 California counties to determine an appropriate level of supervision and services to address both the needs and risks of individuals released from prison and local jails into the community. With the passage of Proposition 30 in 2012, Realignment is ensured a continuous source of funding.

• Total number of state parole violators booked on a 1) PC3056(a) parole violation only; 2) received jail time as a result of a parole revocation hearing; and 3) any new offense(s) including 1170(h) charges.

Public Defender's Office
Frank Ospino, Public Defender

April - June 2014 Report

The Public Defender's office has seen a significant increase in workload with the Realignment population both in courtroom appearances and services offered to clients. As the numbers below will demonstrate, there has been an increase in the population served as well as the resources required by that population.

Staffing and workload

Three regularly assigned attorneys, two resource service paralegals, an attorney clerk and a staff specialist still continue to handle this increased workload. Additionally, non-dedicated staff assists with investigations and clerical needs.

Substantive legal issues created by the new provisions in law continue to be raised. As these unique legal and constitutional issues have developed, what had been the occasional writ and motion work has increased significantly. This quarter has seen an increase in Writs of habeas corpus advocating for clients rights brought before the Appellate Courts and the California Supreme Court. A writs lawyer now dedicates a significant amount of his workload to Realignment work.

Below are some examples of the type of work, as well as the percentage increase over last quarter, provided by the Realignment legal team for the periods from April 1, 2014 through June 30, 2014:

Type of Work	Jan - Mar 2014 (1 st Qtr)	Apr – Jun 2014 (2 nd Qtr)	% Increase
PCS Cases Opened	367	411	12%
MS Cases Opened	285	329	15%
Parole Cases Opened	207	221	7%
Total Court Appearances (inc. PCS, MS and Parole)	1602	2907	81%
Contested Hearings	16	20	25%

April - June 2014 Report

Addressing Clients Needs

The Public Defender's office continues to take seriously its responsibility to address the needs of individuals released from prison and local jails into the community. Housing, employment and supportive services are still a big challenge. Each of these individuals has their own unique needs, housing being chief among them.

With the increase of clients this quarter, the two resource paralegals assigned to this unit have been very busy. They meet with clients in court, at the jail, the office, and in residential programs. They also effectively collaborate with Probation, Parole, the jail and healthcare. On a weekly basis, they attend the day reporting centers opened by OC Probation and Parole. In addition, they work with the jail on the Reentry program to further assist clients in connecting with services.

Linking clients to critical services are the key to their success in the community. Some of those services include obtaining valid forms of identification, MSI, SSI and birth certificates. The number of referrals to services and supports continues to increase. If the client is to succeed the need for such assistance is imperative.

Below is just a glimpse of the amount of work and types of services provided by the resource staff (servicing just the Parole and PCS clients) from April 1, 2014 through June 30, 2014, along with the percentage increase in workload:

Type of Services	Jan - Mar 2014 (1 st Qtr)	Apr – Jun 2014 (2 nd Qtr)	% Increase
Client Jail Visits	134	186	39%
Client Program Visits	76	91	20%
Phone Calls (to and from Clients)	575	768	34%
Program and Service Referrals	410	558	36%
Obtaining Valid Forms of Identification (including SSI and Birth Certificates)	92	208	126%

Set Court Proceedings

PCS Proceedings

Post Release Community Supervision proceedings were down in the 2nd Quarter 2014 compared to the same period last year.

Projections for 2014 are also lower than the annual numbers for 2013.

While there may be many reasons for the decrease in Post Release Community Supervision cases, a possible explanation for the decline in PRCS proceedings could be the total decrease in the number of defendants sentenced to PRCS. AB 109 reduced the number of crimes eligible for PRCS sentences. Thus fewer defendants are being released subject to PRCS. In 2013 individuals who were sentenced before AB 109 took effect were completing their sentences and being released to this supervision.

MSV Proceedings

Mandatory Supervision Violation proceedings were up 64% during the 1st Half of 2014 as compared to the same time frame during the previous year.

Projections for MSV proceedings in 2014 indicate that the OCDA will appear in 38% more proceedings than in 2013.

A possible reason for this increase in cases may be the large number of crimes that were designated as mandatory supervision under 1170(h).

Defendants being returned to local prison for short time frames has increased 112% between the 1st half of 2013 and the 1st half of 2014.

Parole Proceedings

AB 109 required the OCDA to handle Parole Violations beginning in July of 2013. Therefore, no quarter or annual comparisons can be made.

Annual projections show that the OCDA will handle 1248 Parole Violations proceedings in 2014.

Note: 2013 contains only 5 months worth of data.

Data Sources

The Office of the District Attorney (OCDA) tracks filings for Mandatory Supervision Violations in the DA Complaint Management System (CMS). This includes cases that go to warrant. However, resources are not available to track **filings** for Post Release Community or Parole Violations; therefore, these numbers can only be estimated. The OCDA does track all proceedings/hearings scheduled for these AB 109 Violations. **Disposition and sentences** are currently only being tracked for Mandatory Supervision and Parole Violations.

The Central Justice Center handles all the Post Release Community Supervision (PCS) Violations. The PCS proceedings are heard in C58 on Wednesdays. The OCDA tracks the PCS violation proceedings from the Court's VISION calendar.

Mandatory Supervision Violations (MSV) are heard primarily in C58, but can be assigned out from C 58 to to other courts for future hearings and dispositions. Some MSV are also filed in CJ1. MSV hearings are part of the data exchange with VISION and are included in the automated data exchange between the OCDA and the Courts. Cases are updated as new hearings are scheduled and dispositions and sentences are being entered into CMS.

Parole Violations are heard at the Central Justice Center. They are heard in CJ1 on Thursdays. Cases are only entered into the OCDA's CMS once a hearing is set. Cases are updated as new hearings are scheduled and dispositions and sentences are being entered into CMS.

Behavioral Health Services:

HCA continues to partner with Probation providing behavioral health assessments and referrals. Of the total referrals received during this quarter, 93% were successfully assessed. June referrals were lower compared to April and May which resulted in a lower number of clients referred and admitted to substance abuse outpatient treatment. New admits to residential treatment were high in May. In mid-June funding for residential treatment reached maximum capacity and referrals to residential treatment had to be put on hold through the end of June, hence the lower than average number of admits in June.

During this quarter, Vivitrol (injectable Naltraxone), a Medication Assisted Treatment Program, was implemented in the community for persons with alcohol and/or opiate abuse disorder. BHS administered Vivitrol to one client in May and seven new clients in June. Feedback from clients on Vivitrol has been very positive. Clients receiving Vivitrol must be actively participating in outpatient services to continue to receive medication.

Additionally, HCA successfully worked with sober living providers to increase their service capacity to address the needs of clients graduating from residential treatment and wanting to continue their recovery in sober living and be involved in outpatient services. In June, there were 17 admits to Sober Living, compared to eight in May and 11 in April.

Correctional Health Services:

Partnering with BHS, Correctional Health staff administered Vivitrol (as described above) to six inmates prior to their release. Coordinated follow-up is arranged for these individuals to receive additional injections post-release via BHS out-patient services.

Fifty (50) AB 109 inmates were either hospitalized or treated in the Emergency Department. This is slightly lower than first quarter.

All primary care physician services are provided within the jail; however, when an AB 109 inmate needs specialty services, they are transported to specialty medical clinics off-site (such as, Cardiology, Nephrology, Oncology, OB, Surgery, etc.). There are currently nearly 20 specialty clinic services available with 153 clinic visits completed during the second quarter of 2014 for AB 109 inmates specifically. This equates to approximately 37% of specialty clinic services business—with only 15% of the total jail population being AB 109 status. We experienced a significantly higher utilization of specialty clinic services during quarter two than last quarter (22%).

In-custody Correctional Health Services triages and screens every AB 109 inmate in the jail to determine their medical and mental health needs and subsequent treatment and medication plan. (The volume of patients is reflected in the Sheriff's section of this report, as all in-custody inmates on the Sheriff's census are also managed by in-custody healthcare staff.)
